City was charged with failure to appear, leaving the scene of an accident with property damage and driving on revoked license 6th offense.

According to affidavits, on July 9th, 2010, Deputy Craig Brewer, LCSO arrested Avery Sarten on a Tennessee State Warrant and during the arrest, a victim from a hit and run the

officer had worked earlier that same day came by Sarten's residence and was able to identify the vehicle sitting in Mr. Sarten's driveway as the vehicle that had backed into him on Shaw Ferry Road. On talking with him, Sarten admitted he was driving the car that had hit the man, but said the man had run into him. Records indicate an independent witness to the

collision stated the vehicle Mr. Sarten was driving did back into the vehicle the victim was driving.

A check of Sarten's drivers license status through NCIC showed it to be revoked in Tennessee with prior convictions for driving on revoked license on at least five different dates from 1994 through 2005.

Deputy Brewer made the arrest Friday.

**Police Beat**

James Jeff Steele, 35, Highway 95 South, Loudon was charged with assault domestic violence.

According to affidavits on Wednesday, Deputy Ron Deland, LCSO was dispatched to a residence on Highway 95 North in reference to domestic violence. Upon arrival, the complainant was standing outside wearing only a t-shirt and underwear, hiding in some bushes near the home. She advised she was ok and stated she and Steele were arguing that morning and he threatened to hit her, but before he did, she kicked him in the chest knocking him over the coffee table. She said he grabbed her by her hair and started hitting her.

While all this was going on her 14 year

old daughter walked in and told Steele to stop hitting her mother. Steele told her to go to her room and the girl stated Steele took his belt off and hit her with it several times, causing bruising on her legs and back.

Deputy Deland and Corporal McGinley checked the residence and area but couldn't find Mr. Steele anywhere. The complainant and her daughter were advised of their options and left the residence to stay at her another location.

Later that afternoon, Monroe County advised Steele went to the location and forced the woman from the residence. He fled on Old Highway 72.

Deputy Deland and Corporal McGinley met the vehicle on Highway 72. The vehicle fled from them and they lost it during the pursuit. Steele then went to another residence outside of Madisonville and forced himself into that residence. Monroe County took him into custody and plans to charge Steele as well.

Deputy John Maples, LCSO, served the warrants and made the arrest Thursday at the Monroe County Jail.

thumpity-thump of a flat tire. Luckily, I made it to Matlock Tire and this is where the story begins.

There was a small back up and I was told it would be a bit. Not wanting to sit around the tire shop, I headed next door to "The Fishing Pole," a local bait store.

I was just killing time like the other six fellers loitering around when one of the gentlemen said "it was time to go, let me settle up". He just bought a brand-spanking-new, two hundred dollar bait caster and said

he found some she-money.

I had to ask, "What on earth is she-money?"

The guy replied, "Money I got that she don't know about."

All the old guys in the store started chuckling and they started talking about their she-money.

Now, before we start thinking we are being slick about having she-money, let me remind you all of what I found to be the definition of *he*-money; money *she* got from *you* that *you* don't know about!

Charley, a new retiree-greeter at Waymart, just couldn't seem to get to work on time.

Every day he was 5, 10, 15 minutes late. But he was a

good worker; really tidy, clean-shaven, sharp minded and a real credit to the company and obviously demonstrating their "Older Person Friendly" policies.

One day the boss called him into the office for a talk. "Charley, I have to tell you, I like your work ethic, you do a bang up job, but your being late so often is quite bothersome."

"Yes, I know boss, and I am working on it."

"Well good, you are a team player. That's what I like to hear. It's odd, though, your coming in late. I know you're retired from the Navy. What did they say if you came in late there?"

"They said, "Good morning, Admiral, can I get you coffee, sir?""

## July 21 Application Deadline Approaching for 2010 WMA Big Game Quota Hunts

NASHVILLE --- The July 21 deadline to apply for all Wildlife Management Area (WMA) 2010 Big Game Quota Hunts is approaching, the Tennessee Wildlife Resources Agency reminds sportsmen.

The application period began June 16. Applications are available and will be accepted at any TWRA license agent, TWRA regional office, or online at the TWRA Web site at [www.tnwildlife.org](http://www.tnwildlife.org). Mailed applications will not be accepted. The application must be received by midnight

(CDT) on July 21.

Sportsmen are reminded to read the application form carefully, fill out all requested information, double-check the form, and take it to a license agent where it will be entered into the system. When applying at any TWRA license agent, there is no fee for current Annual Sportsman License holders, Lifetime Sportsman License holders, or seniors possessing a Type 167 permit. For all other applicants, there is a \$20 permit fee for each drawing entered plus a

\$1 agent fee.

Hunters may also apply over the Internet at the TWRA Web site ([www.tnwildlife.org](http://www.tnwildlife.org)). There is no fee for current Annual Sportsman License holders, Lifetime Sportsman License holders, or seniors possessing a Type 167 permit. All other applicants, in addition to the \$2 internet usage fee, will be charged a permit fee of \$20.50 per drawing entered. The \$2 usage fee is collected by the company that maintains the internet site. (It is not a fee that is charged by the TWRA.)

TWRA's priority drawing system gives priority points (this year a maximum of 5 points)

to hunters based on the number of years they have participated without being drawn for a hunt. Applicants who were successful last year will start over with a priority of zero.

When applying at a license agent, hunters must remain at the location while the application is processed to verify the information, such as hunt codes and their TWRA ID number on their receipt, is correct.
