The Good News

by Jeff Vittatoe

In One Accord

A few weeks ago I shared about a Montana Pre-Release inmate that God has placed in our path. He is nearing the end of a ten year prison sentence and as part of the pre-release program, he sometimes gets passes to attend church with us. Andrew has no friends or family in this area and he doesn't have a relationship with Christ.....

YET! He recently progressed to the next phase of the program that allowed him to get a job at a local fast food restaurant about three miles from the facility. I take him to or from his job when I can and the facility sometimes offers transportation in sub-zero temperatures, but most of the time Andrew walks to work and

back regardless of the weather.

This past week Angie and I reached out via Facebook and asked for our Christian friends to help us with the resources to provide Andrew with a bicycle to limit his travel time to work and exposure to the elements here in Helena. The response we received was **OVERWHELMING!** Within hours we had received pledges from several folks who were willing to help with the cost of a bicycle for this young man. They each realized that it was not just a bicycle they were giving but the hope and love that is only found in Christ.

Yesterday we were able to purchase a brand new bicycle, a helmet, a lock and some LED lights for the front and back of it. We delivered the bike to Andrew this afternoon and told him that Christian men and women from TN purchased the bike for him and were also praying for him. He was absolutely speechless! The thought of strangers from two thousand miles away sending money for him to have a way to work will undoubtedly be on his mind tonight!

We also delivered a letter to Andrew written by Jackie Hampton, a fellow New Providence member and one of the strongest Christian women I know. Jackie encouraged Andrew, assured him that God loves him and told Andrew that

she is praying for him. To fully appreciate the gravity of Jackie's letter you should know that less than a month ago her house burnt to the ground along with everything she owned..... And she is reaching out to others on the other side of the country!!!! That's the kind of Christian that I want to be!

Throughout this week I was reminded of the Christians in the early church:

Acts 2:44-47 (NKJV) Now all who believed were together, and had all things in common, and sold their possessions and goods, and divided them among all, as anyone had need. So continuing daily with one accord in the temple, and breaking bread from house to house, they ate their food with gladness and simplicity of heart, praising God

and having favor with all people. And the Lord added to the church daily those who were being saved.

Showing the love of Christ through our words and actions is how God draws people to Himself. I believe He is drawing Andrew and others through the prayers and actions that I have witnessed this week!

Angie and I want to thank those who continually pray for us, send us encouraging words, support us financially and help us to make the gospel known here in Montana. Although we are many miles away, we never feel alone or forgotten.

We are grateful to The Daily Edition for giving us the opportunity to share how God has changed us and is working within our lives. We pray that our story

in some way helps God change your story. Visit us sometime at www.tgnmissions.com

Mr. Andy Houck of "Stay at Home" recently provided members of the American Legion Post 256 with some informative information about "neurobics", a form of mental exercises to enhance the brain's performance. As explained by Mr. Houck, "neurobics is to carry

out a routine action such as dialing a phone number, or brushing your teeth with your non-dominant hand, or performing a series of tasks with your eyes closed." It is presumed that unusual sensory stimulation and activities like non-routine actions and thoughts produce more neurological chemicals

that will encourage growth of new dendrites and neurons. Thus, these activities may strengthen and improve mental fitness and your memory. If you are a veteran and would like to attend informative monthly briefings like this and stay informed of your benefits, and meet other veterans, please contact American Legion Post 256 Commander, Vic Vickery, 423-884-6476 or view our website: www.TellicoLakePost256.org.
