by Jeff Vittatoo

### Are you Ready?

Let's suppose for a moment that you were watching television tonight and your favorite secular show was interrupted by a "Breaking News" bulletin. The newscaster began to inform the local community that the dam is failing and expected to collapse within two hours sending a one hundred foot wall of water crashing through

our neighborhoods and flooding the entire county. How would you respond? DUH!! Most of us would gather our families and head to high ground somewhere outside of the reach of the looming disaster. We would take immediate action!

What if you received a phone call today tell-

Steven Walton, 34, W Broadway Newport, was charged with DUI, and Driving on suspended license. Deputy Bobby Hamilton LCSO, responded to I-75 S. due to a phone call Deputy had

received from Deputy Cody Bengal. Deputy Bengal advised Deputy Hamilton that he was behind a black Toyota Scion traveling south on I-75 and was about to enter Loudon Co. from Knox. Co. and that the driver of the vehicle could not stay in his lane and had almost hit several vehicles. When Deputy Hamilton got behind the vehicle at the 369 mm he observed the vehicle. The driver of the vehicle was having trouble keeping the vehicle in its own lane. When the driver applied his brakes he had only one brake light on the driver side that was working and window tint that was too dark. When Deputy activated my blue lights the driver of the vehicle exited off of I-75 at the Lenoir City exit and stopped on the exit ramp. When Deputy approached the vehicle the driver did not roll his window down and Deputy had to knock on the glass to get him to roll the window down. When Deputy asked the driver for his license he was very lethargic, his eye lids were drooping as if he was about to fall asleep and he had slurred speech. Defendant could only produce a TN. ID only and he stated to the Deputy that his license were sus-

pending for child support. Deputy did perform field sobriety test on defendant and he could not follow instructions or perform test properly. Defendant was very intoxicated and too impaired to operate a motor vehicle. When Deputy asked Defendant if he was on any medication he told me that he had been taking cold medicine. When Deputy patted defendant

down Deputy found a pill bottle with 17 oxymorphone 15mg. The bottle was filled on 03/04/14 with 60 pill and the instructions on the bottle were to take two a day. Defendant did give me permission to search his vehicle and Deputy found another pill bottle of oxycodone 30mg and that bottle was empty. Deputy Bobby Hamilton LCSO, made the arrest.

ing you that a band of thieves were planning on crashing through your door tonight and stealing all of your valued possessions? I can only assume that you would pack up your family and spend the remainder of your evening at an alternate location after notifying the police of the burglar's plot. (Of course if you're a Tennessee redneck like me you might send the family elsewhere and have your buddy cover the back door with a shotgun while you laid in wait by the front to protect what is yours.) Either way, you would take immediate action to avoid harm and protect yourself and property

as much as possible.

What if you discovered that Jesus would return next Friday for those who have placed their faith and trust in Him? What if you knew this was the last week before the end of the world as we know it? How would you respond to this new and eternally significant information? Would you seek forgiveness for that bad habit, that addiction, an inappropriate relationship and maybe even delete all of the porn you have been looking at? Would you repair that broken relationship with a family member or friend that keeps you held hostage with hatred and bitterness? Would you confess that you are lost without Christ and place your faith in Him for eternal salvation? Would you take action?

If we knew exactly when Jesus was coming back there would be mass repentance, drive through baptism services, people would be loving one another and screaming Hallelujah! We would experience a come to Jesus meeting like never before on this planet. The only problem is.....we don't know! That's why you see this article each week, that's why I now live two thousand miles away, that's why the gospel message is so important. WE DON'T KNOW! Here's how Jesus put it;

Mathew 24:36-44 (NKJV)  
 "But of that day and hour no one knows, not even the angels of heaven, but My Father only. But as the days of Noah were, so also will the com-

ing of the Son of Man be. For in the days before the flood, they were eating and drinking, marrying and giving in marriage, until the day that Noah entered the ark, and did not know until the flood came and took them all away, so also will the coming of the Son of Man be. Then two men will be in the field: one will be taken and the other left. Watch therefore, for you do not know what hour your Lord is coming. But know this; that if the master of the house had known what hour the thief would come, he would have watched and not allowed his house to be bro-

ken into. Therefore you also be ready, for the Son of Man is coming at an hour you do not expect.

Three years ago I was not ready. I had strayed from God to pursue the lusts of the flesh. I thank God that He didn't give up on me. He convicted me of my sin and invited me into a real relationship with Him. Angie and I surrendered to His plan instead of our own and our lives have not been the same since! I can tell you this with all confidence today; if I knew that Jesus was coming back next Friday..... I AM READY!

Are you ready? It really could be next Friday, but it could be tonight! If you are not prepared to meet Jesus today I urge you to consider your eternal future. We will each spend eternity in one of two places based upon our decision concerning Jesus Christ. He won't force you, but He did give his life to save ours! If you have questions I would love to help you answer them. Contact me at [jeff@tgnmissions.com](mailto:jeff@tgnmissions.com) or call me at (865) 304-6779. I am absolutely certain that I'm going to heaven, but I would sure like to know that you will be there as well.

about 1/20/14 Jeffrey did take without permission a roll of THHN copper wire and a Verizon cell phone from the victim. The copper wire had been located inside a fenced and secured lot at the business. The cell phone had been inside a company truck, which was parked inside an enclosed garage build-

ing, situated inside the same secured lot.

In order to gain access to the secure lot a hole was cut on the perimeter fence causing damage. Detective Condee discovered that Veal had sold 129 pounds of copper wire to Purdy's Auto Salvage. The copper is consistent with the amount of wire that was stolen from the victim. The unwitting third party revealed to Detective Condee that he had transported the Veal party to the Salvage company to sell the copper wire.

Detective discovered that Jeffrey had been using the stolen cell phone making calls and sending texts. Veal was placed under arrest. Detective Kevin Condee LCPD, made the arrest.
