PUBLIC NOTICE

WATER SYSTEM FLUSHING PROGRAM

The Lenoir City Utilities Board and Lenoir City Fire Department will be conducting our semi-annual water distribution system wide flushing program per Tennessee Department of Environment & Conservation Water Quality Control Requirements. The Flush-ing Program will occur for LCUB customers on Monday, June 1, 2015, at 2:00 p.m. until 10:00 p.m. thru Thursday, June 4, 2015, at 8:00 a.m. until 3:00 p.m. The program goals are to identify problems in the water system and ultimately have them corrected. When fire hydrants are flowed, iron deposits in the water lines are agitated. This may cause a brown discoloration to the water in the area which is being flushed. This condition is only temporary and will normally correct itself in a number of hours. During this period of flush-ing, we recommend that you flow your cold water prior to use to determine if there is any discoloration. While the water is still safe to consume, we recommend not washing any white clothes without first testing the water for discoloration. If your water is discolored, it will clear up on its own under normal us-age over a period of time. It is also best to limit the use of your hot water until it's clear, as this will keep the iron deposits from going into your water heater. You may also notice a drop in water pressure during these times; however, the water pressure should return to normal within a short period of time. If you continue to experience difficulty with your water pressure or discoloration on Monday, June 8, 2015, please contact LCUB at (865) 986-6591 to report the problem.

the surviving family members of our fallen and the

sacrifice of each of these brave Americans."

"Those we honor and remember today represent far more than the stone monuments that mark fields of battle," Haston said. "Those we memorialize today represent by their actions the reverent belief that some things are worth dying for. Let's strive to make every day Memorial Day by never failing to honor the men and women who gave their all."

The "Honor and Remember Flag" was presented to surviving family members during the Governor's Memorial Day Event. The flag is a combination of memorial symbolism to include a large red section which represents blood spilled by service members in America's military throughout history. The blue star represents active service in military con-

flicts from the American Revolution to present day. The white border around the gold star recognizes the purity of sacrifice. The gold star reflects the value of life that was given. The folded flag signifies the final tribute to an

individual life that a family sacrificed and gave to the nation. The flame is an eternal reminder of the spirit that has departed this life yet burns on in the memory of all who knew and loved the fallen hero.
