diately went to the area with additional locator equipment. At 9:04 AM a signal was picked up by one of the teams from the transmitter bracelet being worn by the client. At 9:25 the client was located in a stranger's home where the residents had found him sitting on their porch. Within 62 minutes of the initial call, and 51 minutes from the first responders being on scene, the client was found safe and reunited with his family. When this client had wandered earlier in the year, before he

had a Project Lifesaver bracelet, it took over 10 officers, rescue personnel, and family members more than eight hours to find him.

Project Lifesaver of Loudon County, sponsored by the Loudon County Sheriff's Office, places personalized radio transmitters on identified persons who may wander away from the safety of their homes, most often seniors and Alzheimer's patients, but also autistic children. These transmitters assist caregivers and law enforcement in locating those who cannot help

themselves. The transmitters are worn as a wrist or ankle bracelet. Regular battery changes are conducted by volunteers trained by the Loudon County Sheriff's Office. Project Lifesaver helps to provide some peace of mind for the families and caregivers. The program is provided by the Sheriff's Office at no cost to the families and is funded entirely through donations from the community.

For more information, please contact the Loudon County Sheriff's Office at 865-986-4823.

way in order to miss the vehicle. Upon turning on said vehicle Deputy witnessed this vehicle driving in the lane of oncoming traffic more than it was driving in the proper lane of travel. Deputy activated my emergency equipment and vehicle continued on before almost stopping at the intersection of Hines Valley and Hwy 70, before turning left onto Hwy 70 and traveling once again in the wrong lane of travel. The vehicle then came to a stop at Eaton Food Market. Upon approaching the vehicle the driver had a strong odor of alcoholic beverage about his person and produced a Tn Driv-

ers License that stated he was a Mr. Richard Alan Holt. Mr. Holt then said that he wanted Deputy to know that he had been drinking, and when asked how many he stated two or three. When asked to exit the vehicle Mr. Holt did so and when he took a step fell backwards back into the truck. With Deputy assistance he escorted Mr. Holt away from the traffic and tried to get in front of Deputy patrol vehicle, but Mr. Holt was unable to stand without leaning or holding onto his vehicle. Deputy attempted to administer field sobriety tasks of which Mr. Holt performed poorly and kept stating you just need to let me go home.

Mr. Richard Alan Holt was arrested for Driving under the Influence and was read the implied consent law and agreed to a blood test of which was performed at Ft. Loudon Emergency Room. There was a Female Passenger in the vehicle that was terrified and wrote a statement thanking myself for saving her life by stopping the vehicle. This did occur in Loudon County. Sgt. Michael Watkins LCSO, made the arrest.
