Crimes Against Children Task Force (KPD-ICAC) and U.S. Homeland Security Investigations (HSI) learned that someone in the Gatlinburg area was circulating child pornography from a publicly open wireless router to undercover investigators in Queensland, Australia. KPD-ICAC investigators utilized an undercover persona to contact the suspect and glean more information about the source of the child pornography. During an undercover surveillance in the area of the public wireless router, investigators spotted the victims at a local fast food restaurant. Sammons was identified as the person who was making and distributing the child pornography and arrested.

This investigation was conducted by KPD-ICAC, HSI, and the Gatlinburg Police Department. Assistant U.S. Attorney Matthew Morris represented the United States.

This case was brought as part of Project Safe Childhood, a nationwide initiative to combat the growing epidemic of child sexual exploitation and abuse launched in May 2006 by the Department

of Justice. Led by U.S. Attorneys' Offices and the Criminal Division's Child Exploitation and Obscenity Section, Project Safe Childhood marshals federal, state and local resources to better locate, apprehend and prosecute individuals who exploit children via the Internet, as well as to identify and rescue victims. setting. Virtual schools must comply with the same laws as traditional public schools on curriculum standards, class size, length of the school day and school year, regular student assessments, and teacher qualifications. School districts may manage their own virtual schools or may contract for services with nonprofit and for-profit entities. Of the 10 district-established virtual schools, nine are operated by the school districts. Tennessee Virtual Academy in Union County is operated by K-12, Inc., a for-profit company based in Herndon, Virginia. The Washington County Virtual School enrolled students in the 2015-16 school year for the first time. Putnam County's VITAL program operates differently from the other virtual schools and does not enroll full-time students.

We are beginning our 31st year of providing toys to the needy children of Loudon County, and thanks to generous contributions of time, money and gifts, we are able to make Christmas a more joy-

ful time for more and more children. In 2014, approximately 500 children were helped by the Loudon County Sheriff's Department Toys for Tots program through their partners. Even with the difficult economic times we are experiencing, we hope that the people of Loudon County will be there once again to help. Beginning Tuesday, September 8, the 2015 applications will be available at the Loudon County Sheriffs Office. Applications will be accepted for children from Age 1 through 8th grade that are enrolled in the Loudon County or Lenoir City School systems. ALL applications must be returned to the Loudon County Sheriff's Department by 4 PM, THURSDAY, OCTOBER 22, 2015. It is requested that everyone please submit their application as soon as possible. Applications must also include a copy of the parent or guardian's current income information. A current Tennessee Driver's License or State Issued ID is re-

quired from the parent, and a copy of the child's social security card is also required.

Names will be available beginning in mid-October through business and churches. If you are considering helping a child this Christmas, please be assured that applicants are thoroughly checked to make sure they require this assistance. Names are also compared with the school systems to make sure no one is receiving duplicate assistance.

If your business or church would be willing to take names please call Debbie Hines, Toys for Tots Coordinator at 986-4823.
