than Sartin, LCPD, on September 24, 2006 Edward Brian Stiltner went to Bimbo's on Hwy 321 and pumped \$15.47 worth of fuel and drove off without paying. On October 11, 2007 Stiltner pumped \$10.82 worth of fuel and drove off without paying. On November 3, 2006 Stiltner pumped \$11.71 worth of fuel and drove off. On December 20, 2007 Stiltner pumped \$16.88 worth of fuel and drove off without paying.

Then, on January 10, 2007 at approximately 6:30pm Edward Brian Stiltner went to Bimbo's and pumped \$16.76 worth of fuel and the clerk went to tell Stiltner that he needed to pay for the gas inside. Stiltner got

back into his vehicle, a 1996 Toyota, and took off and struck the victim in the leg with his vehicle causing injury to the victim's leg. The victim did have to seek medical attention later.

Edward Brian Stiltner, 33, of Coley Lane, Lenoir City was charged with aggravated assault and 5 counts of theft under \$500. Officer Jason Butler, LCPD made the arrest.

Theft

reported he spoke with Nick Shipley of Hotchkiss Valley Road Eats who said he arrived home from work around 5:30 p.m. and noticed a pressure washer was missing from his carport. He advised the pressure washer had been on the premises when he went

to work that morning.

Shipley further reported the pressure washer was rented from his place of business, Wilburn's Hardware in Lenoir City.

The value of the loss was unknown at the time of the report.

Police Beat

Candance Sue Davis, 38, of Morganton Road, Greenback, was charged with domestic assault.

According to the report, Deputy Bryan Blakney, LCSD responded to a physical domestic fight. Upon arrival the deputy made contact with a male who advised his mother was in the house being assaulted by her husband and his brother was in the house with a bat. After talking to him outside he stated he got upset with his wife Candance for having the radio up

too loud and asked her to turn it down and she wouldn't. He then went to the bathroom and she cranked it up and he came out and yelled at her and called her names and that was it. He said everything was okay and they didn't need the law.

The deputy asked him what happened to his wrists and he said he fell out of the chair. The deputy told him they didn't look like fall wounds. After trying to get her (Candance) to come outside she stated "I ain't coming outside you will charge me with PI". The deputy told her wouldn't charge her with PI and she said I ain't coming outside.

The deputy asked the other son to step outside and he said he didn't have anything

to do with it and he wasn't going outside. The deputy told them to come out or they would go to jail for interfering with a police investigation.

The male came out along with another male and they said that after coming out of the bathroom and calling her names she then hit him and clawed him on the wrist. He then pushed her away and went into the kitchen to sit down and she came in the kitchen and pushed him over in the chair.

There was small blood splatters in the kitchen and a small laceration on both wrists. She then stated he had choked her and hit her numerous times but no red marks were visible. Deputy Blakney made the arrest.

elements, including a listing of Tennessee's Biofuel Green Island Corridors, information about emergency reference markers, and the Tennessee Department of Transportation's SmartFIX40 accelerated construction project.

"In May 2008, a short section of Interstate 40 through downtown Knoxville will be closed for approximately 14 months," said TDOT Commissioner Gerald Nicely. "By including the closure information on the state map, we can help educate travelers about the closure and help them plan ahead."

The complete closure of I-40 between James White Parkway

(exit 388) and Hall of Fame Drive (exit 389) is expected to save more than two-years in construction time.

"By closing the interstate, the contractors are able to work around the clock and unimpeded by traffic," Nicely added. "This reduces the amount of time it takes to construct the project which saves Knoxville motorists time and money spent sitting in slower construction zone traffic."

The state map is available on the TDOT web site at www.tn.gov/tdot/maps.htm.

"The map is a service TDOT is pleased to provide to the public each year," said Judy Steele, Director of TDOT's Communi-

ty Relations Division. "The map is free and available at welcome centers and rest areas across the state."

When It Comes to Nutrition, All Juices Are Not Created Equal

Juices can count toward your recommended daily amount of fruits, but check the package labels to be sure. Nutritionally, not all juices are created equal.

With fruit juice, look for the phrase "100 percent fruit juice" on the label. Fruit flavor doesn't mean fruit nutrition. Beverages labeled fruit drink, fruit cocktail or fruitade may contain added sugars which may also increase the calorie content of the juice.

What about beverages, like sports drinks, that have been fortified with vitamins or other nutrients? These beverages often contain the same amounts of vitamins as juices. But at the same time, enhanced fruit beverages may not contain all the other important vitamins and minerals you can get from 100 percent juice. Again, check the label.
