a priority in your life. Just make sure that you don't end up doing everything for them. Find a way to give them a hand so that they eventually learn to be self-reliant.

Pisces

(Feb 20-Mar 20)

Take time to smell the roses, even if they're only metaphorically blooming. Life can be filled with a rare and heady perfume. Have penetrating conversations, go for long walks and cook some delicious meals.

Aries

(Mar 21-Apr 20)

Rethink your recent attitude. You can get away with a lot, but too much impulsiveness can come back to bite you when you least expect it. Consider other people whom your behavior might be affecting.

Taurus

(Apr 21-May 20)

'If only' are two of the most energy-sapping words in any language. It's time to focus on the here and now -- this is where the rewards are. Train your awareness. Focus on the present, and you'll see how good life is.

Gemini

(May 21-June 21)

If you're talking with someone you trust to keep mum, what you're actually doing is exploring your feelings toward someone who puzzles you. If

you're speaking maliciously, that's gossip. Know the difference.

You and your loved ones are more aware than ever when it comes to old patterns in your relationship. It's a good time to break annoying and unnecessary habits and put new, healthy ones in place. Get moving!

Leo

Complaining is easy. Finding a way to ameliorate the situation so you have no cause for complaint is hard -- but in the end, it's so much more satisfying. Don't take the easy way out. Work hard to get better.

Scorpio

(Oct 24-Nov 22)

You're about to experience a big breakthrough when it comes to how you

view -- and act toward -- the people you're closest to right now. Romance-wise, the situation is definitely lookin' hot to trot -- and so are you!

Sagittarius
