Do you see why I don't get into sports. The Vols lost by one lousy point and they had, at one time, a 20 point lead. I will just stay on my quest to fish. Over the past year I have made it a point to talk to as many of my fellow (see Gus pg. 3)

## Horoscopes: Aries

(Mar 21-Apr 20)

If a dish regularly gave you heartburn, would you keep eating it over and over (see Horoscopes pg. 2)

## Horoscopes

again? Of course you wouldn't. Now apply that same common sense to a type of person -- some may cause more pain than heartburn.

### Taurus

(Apr 21-May 20)

You should have high standards, but you should also be willing to improvise. Saying no all the time can start some bad habits. Just remember that what you want and what you need are two very different things.

### Gemini

(May 21-June 21)

Good things come to those who wait -- it's trite but true. Rushing into a situation just because you're anxious about running out of time could throw a big monkey wrench in the works. Be patient. Go slowly.

### Cancer

(Jun 22-Jul 22)

Family can be absolutely maddening, but they also know and love you like no one else can. How long has it been since you've communicated with them? Go ahead -- reach out. The effort will be worth it.

### Leo

(Jul 23-Aug 23)

You're at your best when you acknowledge your real needs and standards when it comes to love. Be honest with yourself about what's important for you when it comes to a romantic

partner.

### Virgo

(Aug 24-Sep 23)

A loved one who's feeling down in the dumps may need your supportive ear, but don't exhaust yourself. Your strength helps others, so running yourself ragged won't be useful to anyone in the end -- least of all yourself!

### Libra

(Sept 24-Oct 23)

You've been struggling to find a new sense of purpose, but you aren't sure exactly where to begin. Well, search no longer. Use meditation and yoga to get in touch with your innermost self and figure out what comes next.

### Scorpio

(Oct 24-Nov 22)

Expand your current social circle. Yes, your friends are great, but you might be falling into a rut. Frankly, that's not doing your mind or spirit any favors. Accept a surprising invite. The source might thrill you!

### Sagittarius

(Nov 23-Dec 21)

Commit to a cause or project. It's a great time to make plans, although how deeply you want to involve yourself may become an issue. Counteract any qualms you might have with lots of enthusiasm.

### Capricorn

(Dec 22-Jan 20)

Keeping calm won't be a simple task if ev-

eryone else is determined to act nuts, but you can do it. Bring the necessary touch of serenity to turbulent waters. Leading by example will be most effective.

### Aquarius

(Jan 21-Feb 19)

You're ready to raise the stakes when it comes to a high-risk game involving your emotions. Hmm. The stars say to sit this hand out. Play it safe until you're absolutely positive you want to risk it all.

### Pisces

(Feb 20-Mar 20)

You just might

avoid a whole mess of trouble if you take a temporary vow of silence. Someone's in the mood to blow things out of proportion or misinterpret an innocent comment. Don't give them a target.

fishermen as possible, asking them a variety of questions and getting some pretty good answers to boot. It seems that more people fish for Bass than any other fish. Why, I

don't know, but those are the facts. Second would be Crappie, especially during spring spawn.

The next question I try to ask is Why do you fish? One guy said that he has a

wife and three teenage daughters, too many hormones going in way too many directions. I asked another fellow that same question and got an unexpected answer; he said that

he loved to hunt and never really liked to fish. He said as he got older and finally released from brushy valley as a convicted felon, he could no longer be in possession of a firearm so fishing seemed to be the next best hobby. The old boy stuttered real bad and I am not sure what his answer

was when I asked him what he was convicted of, he said he was either a famous poacher or preacher, not sure which.

## Stolen

a new job.

According to records, Dutch Lance, Harris Road, told Deputy Chris Bowen, LCSD, he was getting ready to start a new job and when he went to get his equipment he discovered someone had stolen it.

Lance reported the missing items included a laser transit, a tripod, a remote control and a grade stick and valued all at \$1000. Lance also said the items had been kept at a location on his property and he last saw them on March 11.

## Burgled

George Peeler, Top Side Road, Knoxville, told Deputy Dewayne Drinnen, LCSD, someone pried open a door to an outbuilding sometime

last week and took gas cans, extension cords and a rotary grinder.

The outbuilding is located along Poplar Springs/Blair Bend Road. The value of the loss was unknown at the time of the report.

Peeler filed another complaint with the deputy when he advised a farm at the location was owned by several family members and his wife's brother, whom he identified, made threats to take down an electric fence he claimed was crossing a right-of-way on the property.

Peeler reportedly further advised a pony is kept in the fenced area and he found the fence down in four different places.

## Copper

local man called authorities to a Loudon County location Saturday to investigate the theft of electrical wiring taken from a home under construction.

Deputy Dewayne Drinnen, LCSD, reported he was dis-

patched to a home under construction along Saligugi Way where he spoke with Danny Moon of Lenoir City. Moon told him he is not the builder, but is helping the owners, Jerry and Nell Browning of Knoxville, supervise with the building of their home. They had fired the builder and continued with construction.

Moon reportedly advised that during the time the insulation crew was in the house someone cut the copper wiring from most of the structure. The wire was cut in the rafters and pulled down, and in the basement, which had 12' ceilings, the wire was cut up next to the joist. No ladders were in the house at the time.

Moon identified the insulation and electrical companies working on the home and advised there had been only one problem crew and they were the framers.

The framers were

working three houses down from the Browning's and it was reported they had been asked not to come back.

The lawman reported he collected possible evidence at the scene for further processing. The value of the damage was unknown at the time of the report.

On Monday, authorities responded to a Loudon County job site after a crew arrived at work to find the house had been gutted of its wiring.

Deputy Chris Bowen, LCSD, reported he was dispatched to a location along Washita Lane where he spoke with Doug Euger of Keener Homes. Euger said a crew from Reagan Electrical had left the residence on Friday around 6:00 p.m. and when they returned Monday around noon they discovered the home had been gutted of all electrical wiring.

The value of the loss was estimated at \$8000.

## Score

throughout the world with a permanent record keeping system that will preserve information on all legally harvested wild turkeys taken in the spirit of fair chase.

Records are kept for Eastern, Florida, Rio Grande, and Merriam's subspecies. The Eastern subspecies is found in Tennessee.

Weight, beard length, and spur length are considered to determine a total score for wild turkeys.

The formula for overall score is: weight (lbs. and oz.) plus 10 times spur length (right plus left) plus 2 times the beard length. The beard must be measured, to the nearest 1/16 inch, from the

center point of the protrusion from the skin to the end of the longest bristle. Spurs must be measured, to the nearest 1/16 inch, along the outside center, from the point at which the spur protrudes from the scaled leg skin to the tip of the spur. Ounces and fractions of inches need to be converted to decimals.

Persons submitting records must be cur-

rent members of the NWTF. Hunters may join when the record is submitted.

For rules or an official application form, contact: National Wild Turkey Federation, P.O. Box 530, Edgefield, SC 29824, or check out the NWTF web page at: [www.nwtf.org](http://www.nwtf.org).

Officer Joe Foster and his partner, K-9 Officer Django, were Lenoir City's first K-9 police unit to be utilized by other area agencies.

Officer Foster also worked with K-9 Officer Lotto, a bomb sniffing dog, for about two years. Over the course of their 9 year career together, Officers Foster and Django

tracked 60 people and executed nine "street bites," where Django directly assisted in the apprehension of the suspects.

Officers Foster and Django placed fifth in a United States Police Canine Association National Detectors competition.

Although Django retired on November 1, 2006, Officer Foster, a 10-year veteran of the Lenoir City Police Department, continues to serve as a patrol officer. Officer Foster's canine handling certification remains current as well.

This is not the first time the duo has been featured on AMW. The two were on the program in 2000 during an escape in Blount County where five inmates fled and were

later apprehended.

Django had 7 certifications at the time of his retirement and 2 certifications that are still currently active.

On a lighter note, sources close to the retired dog stated that he has enjoyed his retirement and, like most retirees, has put on a few well-earned extra pounds (we should all be so lucky) and still enjoys an occasional belly-rub from his owner, Joe Foster.

Officer Jeremy Dishner and his dog, Sting, were nominated as well. They do demonstrations for the local Boy Scouts and Cub Scouts and stay very busy with their day-to-day responsibilities. This (Dishner/Sting) All-Star nominee is also responsible for secur-

ing the grant money needed to keep the K-9 program going.

LCPD encourages everyone in Lenoir City and Loudon to support these two officers who tirelessly serve the community.

To vote on the officers you can go to [www.AMW.com/allstar](http://www.AMW.com/allstar). You may vote once per day, every day until April 15th.

### Police Beat

Richard C. Polmanter, 24, of Glendale Community Road, Greenback, was charged with driving on suspended.

According to the report, Deputy Ben Munro, LCSD stopped the vehicle for a brake light problem. The driver was found to have a suspended license.

## RIDDLE

*You can find me in the sea, but not in the ocean. You can't find me in a lake, but you can find me in ponds. You can't see me in night, but you can see me in the morning sun.*

*What am I?*

*Look for answer in Monday's Edition*

## LAST WEEKS RIDDLE

A night shift guard, while on patrol at night, dreams that the king will die in a plane crash. He tells the king so in the morning, but the king tells him not to worry, and flies anyway. When he returns from his trip, he fires the night shift guard. Why does the king fire the night shift guard?

*The night shift guard had a dream. Therefore, he was sleeping on the job.*

## Update on new LC pool

Filled with water, the LC pool is set to open Memorial Day weekend. Photo right: Kids will definitely enjoy the splashpad

Construction on the new Lenoir City Swimming Pool Complex is nearing completion and will be ready for opening later this spring.

The pool is going to be 6 lanes by 25 yards which is large enough to handle swim competitions and will be used for the LCHS swim team.

A splash pad area next to the pool should be a big attraction for the younger folks, and the

pool will also have a state of the art pool house to handle everyone's needs.

The City has also purchased an air-inflated structure in order to keep the pool open during the winter months.

For more information please contact the Parks and Recreation Office at 986-1223.

## Community Band wanted

Loudon Parks and Recreation is seeking musicians interested in forming a community band to perform at the all new Tate & Lyle Performing Arts Center and special events. If interested, please give us a call at (865) 458-7525.

## Who is 'Liberty'?

We know that everyone has seen them, but who are they? The "they" we're referring to are the young people who tirelessly walk up and down Broadway in Lenoir City, rain or shine, and keep everyone in towns' spirits up. They are the 'wavers' who dress up as 'Liberty' for Liberty Tax Service.

Jon Miller is a stu-

dent at LCHS and is the young man that we always see beebopping to his music and bringing a smile to peoples faces.

Terry Baily, owner of Liberty Tax Service said, "They (wavers) are goodwill ambassadors to the community and some people make it a point to drive by because their children love it."

Jon has worked for

the company for two seasons and has no plans of stopping. According to Jon, the only problem is that he doesn't get to do it year round.

So, everyone please make it a point to smile and wave when you drive by. After all, it's not everyone who will wear a green dress with matching tiara just to bring a smile and a wave to us.

# PI in the eye

by Mike L.

Folks I have seen shootings, automobile wrecks, stabbings and all other things of that ilk, but I have never witnessed the kind of carnage that took place Friday at North Middle School with the 'PI-ing' of 5 staff members by selected students as a reward for the can drive to benefit the Good Samaritan in Lenoir City. The entire school turned out for the event.

Students collected cans that will go to the charity and with every 314 (PI) cans collected, a teacher or administrator 'volunteered' to take a pie in the face.

The students managed to collect enough cans to 'volunteer' five staff members.

The event coincided with a nation wide celebration of PI day, 3/14/17, and is recognized by notable institutions across the country such as Harvard.

My congratulations goes out to the faculty who took one for the team: Mr. Thompson, Mrs. Baker, Ms. Kobosky, Mrs. Mounce and Mrs. Womack. Ya'll took it "on the chin" so to speak. Great Job kids!!!

## Household Hazardous Waste Mobile Collection Service in Loudon County on Saturday, March 31

The Tennessee Department of Environment and Conservation's mobile household hazardous waste (HHW) collection service will be in Loudon County on Saturday, March 31, 2007.

On Saturday, March 31, any Tennessee resident may bring their household hazardous waste to the following location.

Loudon County - Loudon County Justice Center from 8:00 a.m. until 1:00 p.m. The local contact for this HHW collection event is Gordon Harless at (865) 988-0175.

Typical items to dispose of include cleaning fluids, pesticides, mercury thermometers and thermostats, swimming pool chemicals, paints and thinners and automotive fluids. Also accepted are fluorescent bulbs and electronics such as televisions, computer monitors, keyboards, computer mouse devices and computer processing units. Console televisions must be dismantled.

Items not accepted include microwave ovens, ammunition, explosives, medical waste and any items from a school, commercial business or agri-business.

When transporting materials to the site, place containers in sturdy boxes lined with newspaper to prevent spills and cross-contamination in the trunk of a car or back of a truck, away from children and pets. Materials should be kept in the original container whenever possible. If not, place it in a plastic jug with a secure lid and label the contents.

For more information on the household hazardous waste mobile collection service, please call 1-800-287-9013 or visit [www.tdec.net/swm/hhw](http://www.tdec.net/swm/hhw).

Students at North Middle School got a special treat Friday when they got to "PI" teachers and principal alike after collecting cans for the Good Samaritans
