work -- and out of one socially as well. Listen to what your heart tells you to do, and you'll find your imagination rising to find some answers.

Taurus

(Apr 21-May 20)

Romance can be exhilarating and passionate if you're willing to take a chance. It's time to speak up about your needs. If the quality of your love life isn't up to par, you need to enforce your own romantic policies.

Gemini

(May 21-June 21)

A potential job opportunity could come your way via electronic means, so check that all your information is up-to-date. It's an even better idea to make sure you're following up on emails, phone calls and voice mails on time.

Cancer

(Jun 22-Jul 22)

You feel like there's a mischievous elf on your shoulder, whispering all kinds of naughtiness in your ear. Instead of ignoring those impulses completely, why not add a little good-natured mayhem to your day?

Leo

(Jul 23-Aug 23)

An eagerness to put a recent squabble behind you may send you from the frying pan straight into the fire. Before you make a blind leap, take a breath and determine exactly what

it is you're trying to escape.

Virgo

(Aug 24-Sep 23)

It's a good time to be discreet about your options, whether they're career-related or on the more personal side. Some envious types are looking to cause mischief. Don't give them the opportunity to do it on your watch.

Libra

(Sept 24-Oct 23)

Watching this new scenario unfold is fascinating, but suddenly being a spectator isn't enough. You need to take action, but you're not sure which road to take. Take a moment and consider all of your options.

Scorpio

(Oct 24-Nov 22)

Beware of letting misunderstandings or upsets get out of hand, especially if some new people have entered the scene. Most importantly, make sure you aren't projecting old emotions onto a new situation.

Sagittarius

(Nov 23-Dec 21)

Having this much activity going on can be just a touch unsettling, but withdrawing from the scene won't help anything. Just because something feels out of sync doesn't mean it'll be that way forever.

Capricorn

(Dec 22-Jan 20)

A certain person

is absolutely determined to make sure even the smallest things go haywire. Fortunately you can defuse this live wire before they make life more difficult than it actually is. You have the magic touch.

Aquarius

(Jan 21-Feb 19)

You've got a lot going for you, so give yourself a break if certain romantic plans haven't quite gelled. You've been busy living your life. Start slowly, and soon you'll be back in the swing of things.

Pisces

(Feb 20-Mar 20)

Group endeavors get you where you need to go a lot more quickly than solo efforts. Find some like-minded individuals to join you in your current endeavors. You might just find that everything magically comes together.
