Horoscopes

Ideology or person. An independent sign like yours thrives on breaking the mold. You need freedom to move.

Taurus

(Apr 21-May 20)

Learn to bend and you might not have to break, especially when it comes to dealing with a head honcho type. In other words, someone's looking for a fight, so don't give them the chance. Stay flexible and be cool.

Gemini

(May 21-June 21)

Engage your brain and take up a new activity that puts you in a brand-new environment. Maybe you want to take up hang gliding or parasailing. Whatever it is, you'll get the opportunity to take it up very soon.

Cancer

(Jun 22-Jul 22)

Unexpected news arrives and brings an extra dose of inspiration with it. When it comes to this 'what am I doing with my life?' conundrum, you've needed a fresh perspective, and that's exactly what you're going to get.

Leo

(Jul 23-Aug 23)

Someone's impressed with how good you are at being in charge. That makes sense, since being a cog in a wheel isn't your normal position. Deep down, you know you were born to lead. Go ahead and soak up the spotlight.

Virgo

(Aug 24-Sep 23)

Ease up on workaholic tendencies. Pointless frivolity is just what the stars ordered right now. It's a good time to seek out some fun-loving pals and cement the bonds of friendship. Rewire those connections to refresh your soul.

Libra

(Sept 24-Oct 23)

Why exactly do you want to be in this situation again? If a once-stimulating tableau feels like it's on the verge of getting out of control, take a step back. Do you really want to keep heading down this path?

Scorpio

(Oct 24-Nov 22)

Play peacemaker and allay any crises looming on your social horizon. You have a way of cutting to the chase that saves time and energy. Just make sure your own emotions don't get caught up in the heat of the moment.

Sagittarius

(Nov 23-Dec 21)

You have a decision to make, but you need lots of peace and quiet to identify the option that's really best for you. Tell your loved ones you need to do this on your own. Meditation will help clear your mind.

Capricorn

(Dec 22-Jan 20)

Once again your shrewd insights save the day, especially

when you're dealing with a larger-than-life personality. Timid types might be easily intimidated, but once you see past the bluster, you've got this person's number.

Aquarius

(Jan 21-Feb 19)

Sometimes life can seem like one big, endless round of musical chairs. However, you love this song and you could keep dancing around forever. Others marvel at your stamina. You know it's about enjoying the process.

Pisces

(Feb 20-Mar 20)

It sounds like a fairy tale, but the right person will come along when you need them. In the meantime, remember what's important to you. Upholding your standards will make the wait worthwhile.
