Verse of the day

If a man say, I love God, and hateth his brother, he is a liar: for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen? And this commandment have we from him, That

he who loveth God love his brother also. 1 John 4:20-21

Taurus

(Apr 21-May 20)

Don't scorn this reaction as simply the heat of the moment. Those heightened reactions are actually telling you what your heart feels. Listen closely; the message is different from the messenger.

Gemini

Are you biting your nails over a decision? Confide in someone instead of fretting about it silently. Yes, you're a private person, but share this anxiety to clear it up: The sooner the better.

Keeping a family together and maintaining a home is hard work. You should know -- you're one of the hardest working signs in the zodiac, especially when it comes to relative matters. Give yourself a pat on the back.

Leo

Be frank and honest when you discuss whatever's on your mind, and you'll see an intellectual spark in your partner's eye. You may just inadvertently stumble on a solution for an outstanding issue.

Virgo

(Aug 24-Sep 23)

If you set your mind to it, nothing is impossible. A difficult task is just a slightly different mountain to climb, and if anyone can reach that goal, it's you. Break the situation into its microcomponents and tackle it that way.

Libra

(Sept 24-Oct 23)

Have you really never been salsa dancing? Have you ever visited your local parks/museums/historical society after saying you would for the last year? It's time to break out of old molds and go exploring.

Second chances come around more often than you think -- really. Sometimes, though, they wear funny-looking disguises. Make sure to examine something from all sides before saying yes or no right now.

Sagittarius

(Nov 23-Dec 21)

All this success is exciting, but it might also feel a little overwhelming. Give yourself quiet time so you can review everything that's happened. You've got all the opportunities in the world, so make the most of them.

Capricorn

(Dec 22-Jan 20)

Someone you love comes to you with a serious concern, so treat it respectfully. Okay, so this situation looks a tad silly to you

-- it obviously means (or represents) something much bigger to him or her.

Aquarius

Have you wanted to organize an exotic vacation or some other large-scale outing for ages? Now is the time to start pulling it all together. The stars say any plans started today will fall neatly into place.

Pisces

(Feb 20-Mar 20)

Someone in charge is awfully good at dishing it out, but can they take it? Now may not be the time to find

out. While their behavior is annoying, it's a good idea to choose your battles (and your timing) wisely.
