Fishing with Gus

Ah the cuss word. Do you know where these ear-plugging words were invented? Boy I sure do. I am afraid that I have probably invented a few choice words myself.

The curse word comes from fishermen using the

wrong fishing line or undersized line. There's nothing that will get your blood a-boiling more than having the line break with a trophy size fish ten foot from the boat. I want to share a secret that will help beat this bad

Why not seek out romance in an entirely different way than you have in the past? Do a little research and take a fresh approach to the

Horoscopes

old game of love. It'll spice things up and refresh your spirit for the next round.

Taurus

(Apr 21-May 20)

Being in the public eye can leave you feeling just a little bit tongue-tied, but your lucky stars say that's definitely not the case today. If anything, the more eyes on you, the more you rise to the occasion.

Gemini

(May 21-June 21)

Have a little faith, especially when it comes to the merry-go-round that is love. If this one didn't work out, try the next one. You never know. If your current situation is going well, it could get better.

Cancer

(Jun 22-Jul 22)

Coming to a consensus isn't always easy, especially if the group you're working with doesn't have a whole lot of common ground between you all. Focus on what the ends goals should be. That might help this enterprise gel.

Leo

(Jul 23-Aug 23)

You and that special someone are in tune and making absolutely gorgeous music together. Keep things low key for now. Enjoying the small stuff makes your bond stronger, so make an effort to get into the groove.

Virgo

(Aug 24-Sept 23)

When you talk with someone you love, make sure you're not just hearing their words, but that you're really getting

the whole story. Pay attention to tone of voice and body language, and you'll get the full picture.

Libra

(Sept 24-Oct 23)

After this round of changes, your point of view is altered for good. Your soul is telling you to go ahead with the long-term plans you've been hesitant to put into action. Leap and the stars will catch you.

Scorpio

(Oct 24-Nov 22)

The stars say to take things at a slower pace; otherwise, you might overlook a key opportunity in your desire to move onward and upward. Do something different for a change: This time, let people come to you.

Sagittarius

(Nov 23-Dec 21)

All that in-depth exploration of your psyche helps you see that you've been limiting yourself in far too many ways. It's time to be all that you can be. Sit down and draw up a wish list of everything you'd like to do.

Capricorn

(Dec 22-Jan 20)

Accept every invitation that crosses your path. This new infusion of social energy provides you with just the kick in the pants you've needed. A friend may even introduce you to someone who plays a role in your future.

Aquarius

(Jan 21-Feb 19)

Your unique side shines through even more clearly than usual when you voice some off-the-wall yet

totally right-on opinions. Harrumphing codgers may shake their heads, but they're teasing -- they love this side of you.

Pisces

(Feb 20-Mar 20)

If you get a handle on all the small stuff, goals that seem well within your reach will be even more attainable. It's time to make lists, break out your filing system, and organize your way to success.

habit.

It all started one night when we were cat fishing on Watt's Bar. John hooked something fifty-five feet deep and it would not budge. We tied the line on the cleat of

the boat and I gassed the motor. Something gave, but it was not the line.

We stopped the boat and started the process of retrieving whatever it was on the other end. It was so heavy that

the pole would break if we let go of the line. I had on gloves and started heaving up what turned out to be a 150 pound chunk of steel.

What kind of fishing line was I using, you might ask? It was

Power Pro Braided Moss Green 80 pound test line.

Since this experience, we have replaced all of our line with Power Pro. They even have lightweight lines that are super strong and super small. Check out their web site at PowerPro.com and help curb your cursing habits. I don't even mind taking the Preacher fishing now. -Gus

Sunshine

affected. A complete list of affected biscuit brands, sizes, and codes is available below or at our website, www.sunshine-mills.com. Sunshine's other biscuit brands and products that include small and medium sized biscuits were not affected. It is also important to note that dry dog and cat food and soft and chewy treats for dogs or cats manufactured by Sunshine are not affected and not included in this recall.

The company is taking this voluntary action of recalling the dog biscuits listed

below after learning from the FDA that wheat gluten supplied to Sunshine from a specific manufacturing facility in China contained melamine. Melamine is a substance not approved for use in food. The FDA made this finding as part of its ongoing investigation into the recent pet food recall.

The recalled dog biscuits are marketed nationwide by many pet food retailers including the mass channel, traditional grocery, and pet specialty stores. No dog illnesses or deaths have been reported to date in connection with these dog biscuits. The recalled dog biscuits contain one percent or less by weight of wheat gluten.

Consumers should immediately stop feeding their dog the dog biscuits with the specified date codes and consult with a veterinarian if they have any health concerns with their dog.

Sunshine's products are 100% guaranteed. Consumers may receive the full replacement value of the recalled dog biscuits by returning them to the place of purchase or consumers may contact Sunshine's customer service number at (800) 705-2111 for further information about the recall and for other instructions on obtaining a product refund.

The safety and well-being of pets are Sunshine's utmost concern. We deeply regret this unforeseen situation.

A man who apparently was ready to take a drug screen was arrested by police after he was stopped for not wearing his seat belt and found to be driving on revoked license.

Jeffrey Lynn Parker was taken into custody on Wednesday after Sgt. Billy Hall, LCSD, executed a traffic stop on Broadway and discovered Parker's driving privileges are revoked for DUI.

Subsequent to Tennessee State seizure laws, Parker's vehicle was seized for driving on a revocation for DUI.

A search of the ve-

hicle revealed that Parker also had a vial of urine to "pass a drug screen" that apparently was not his.

Investigator Chris White, LCSD, and Sgt. Hall searched Parker's vehicle and discovered some items of what may have been controlled substances.

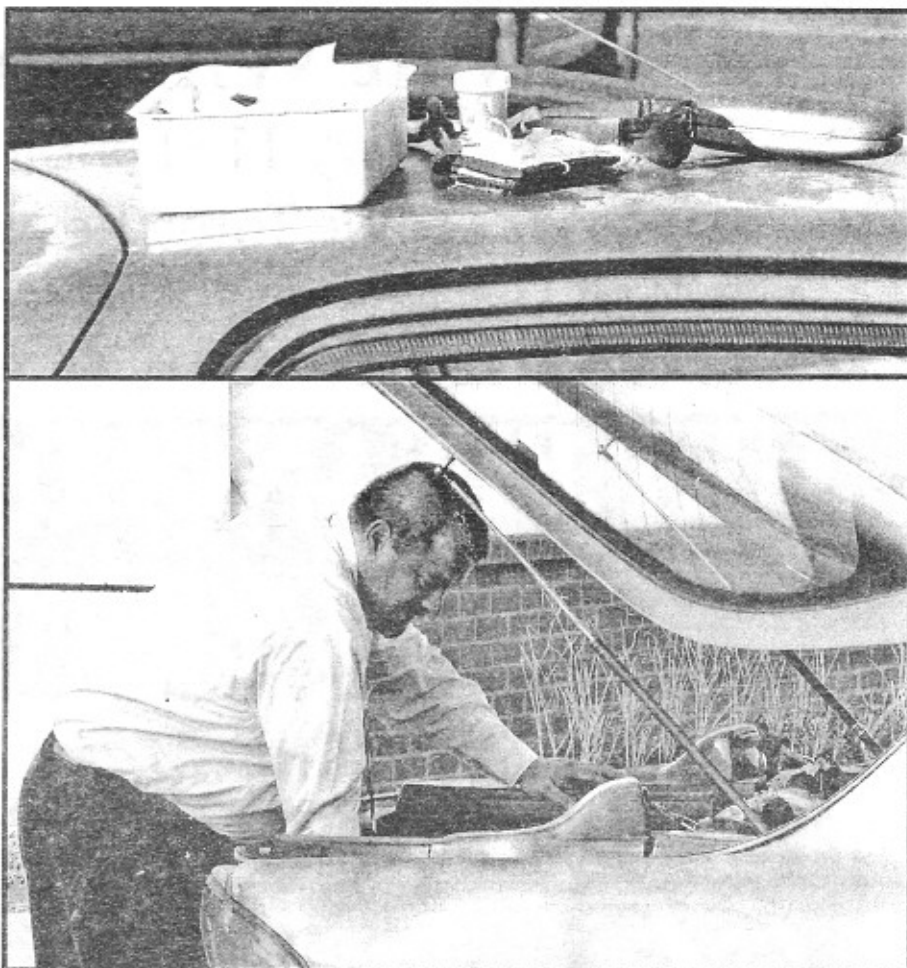

The Daily Edition will update you on any further charges in tomorrow's *Edition*.
