## Horoscopes

more deliberate your next steps, the more solid you'll feel. After all, you know that this path is leading you somewhere fantastic, so enjoy every step of the journey.

### Gemini

(May 21-June 21)

Why are you coasting when you could be flying? Maybe in some areas of your life, you're more comfortable at a cruising altitude. In others, however, you definitely need more velocity. How can you pick up speed?

### Cancer

(Jun 22-Jul 22)

Being a masochist stinks, especially when it's happening over a situation you've encountered before. However, the stars say your luck is about to change if you're willing to own up to your part in what's happened.

### Leo

(Jul 23-Aug 23)

It's time to hitch your wagon to a star -- several of them, in fact. Some outlandish, visionary influences are in your astrological sector. They're encouraging you to go crazy, dream big and get a little wild. Why not?

### Virgo

(Aug 24-Sep 23)

Give yourself permission to step outside your usual boundaries. Everyone needs to live it up occasionally. Do-

ing something radically different would do you a world of good. You might discover a hidden side to yourself.

### Libra

(Sept 24-Oct 23)

Look into your heart for answers. There's more evidence in there than you realized. While the tangible facts are easy to weigh, it's the more ephemeral matters that really count in a situation like this. Inquire within.

### Scorpio

(Oct 24-Nov 22)

Indecisiveness plays a big role in your day, but it doesn't have to hold you back. Strive to be fair and balanced in your dealings. If that means you need more time or can't come to an immediate conclusion, so be it.

### Sagittarius

(Nov 23-Dec 21)

Be discriminating when it comes to the company you keep. Just because a person wants to be part of your life doesn't mean you have to say yes. Be civil and polite, but remember to go your own way if necessary.

### Capricorn

(Dec 22-Jan 20)

Don't know much about history? It's a great time to learn more about it. The library and the Internet are great resources, but why not do something more unorthodox? Try talking to people who lived through it.

## Aquarius

(Jan 21-Feb 19)

Trust yourself. If you want to say no, there's probably a pretty valid reason for that impulse. It's not to say that you shouldn't think of others, but be aware of what you can and can't afford to do and act accordingly.

## Pisces

(Feb 20-Mar 20)

Be generous with your assets, but make sure you're not giving so much away that you can't renew your resources. Watching out for yourself

means that you're able to be there for others, so don't stint on self-care.

## Aries

(Mar 21-Apr 20)

You're in a truth-telling (and truth-hearing) mood. Few signs can take it (or dish it out) the way you do. Now is a great opportunity to clear the air -- maybe with a key player in your life, or maybe just with yourself.
