Horoscopes:

Taurus

(Apr 21-May 20)

Something (or someone) stops you dead in your

tracks. Could it be that you knew this was going to happen all along? Don't discount those 'funny' feelings. There are many ways to get information across, so pay attention.

(see Horoscopes pg. 2)

Horoscopes

Gemini

(May 21-June 21)

The stars are working in your favor. You're a whiz at communication, especially when it comes to difficult ideas and concepts. If you've needed to discuss a touchy topic with someone close to you, now's the time.

Cancer

(Jun 22-Jul 22)

Waiting, wishing and hoping are all fun as hobbies, but they can get pretty frustrating if no action is taken. It's time to get grounded and figure out a game plan so you can get there instead of fantasizing about it.

Leo

(Jul 23-Aug 23)

Get a little more TLC into your life, especially if you're re-experiencing a painful old issue regarding a personal matter. Be kinder to yourself. Treat yourself as gently as you would a beloved friend or relative.

Virgo

(Aug 24-Sep 23)

Your sense of timing is amazing. The stars say today is filled with moments where being impulsive really works for you. Is it because you're so in tune with your instincts you can do no wrong? Possibly.

Libra

(Sept 24-Oct 23)

If it's so easy, how come you're having such a hard time making it happen?

Hey, be a little kinder to yourself. It could be there's a steeper learning curve than you expected. Just give yourself a little breathing room.

Scorpio

(Oct 24-Nov 22)

A conversation between you and a dear one takes on uncommon significance, but only if you dwell on it for too long. You may not understand all the nuances, but don't fret. Let it sit for a while before you make a move.

Sagittarius

(Nov 23-Dec 21)

You're in a dreamy and expansive mood. It's a good time to dial it down. Instead of mixing it up with brand-new people, places and things, move inward. Take an inventory of your own soul. Be brave and go deep.

Capricorn

(Dec 22-Jan 20)

Don't let a minor incident wreak major havoc on your life. It was a look, a laugh or an offhand comment that you overheard by chance. It doesn't mean what you necessarily think it means. Get some perspective.

Aquarius

(Jan 21-Feb 19)

Forcing the issue won't do the trick. Maybe -- just maybe -- since you're the one who sees something wrong with these interactions, you're going to have to be the one to change. Be the bigger person in this

situation.

Pisces

(Feb 20-Mar 20)

It's time to outwit fear and hesitation with a little fancy footwork. Go ahead and declare yourself a dancing queen. You have so much courage and heart on your side. Heck, the competition should just give up now.

Aries

(Mar 21-Apr 20)

You want to start kicking butt and taking names. Easy, tiger. Once the heat of the moment cools off, you might see things

in a different light. For now, breathe and resolve to deal with this at a later time.
