officials included Congressman John Duncan Jr. and state representative Jimmy Matlock, just to name a few.

Wazzup

Hey Ashley at Arby's in LC: you should never call

your customers idiots. Even when talking to your manager mother...

Horoscopes: Taurus

(Apr 21-May 20)

If this is worth doing, (see Horoscopes pg. 2)

Horoscopes

it's worth doing correctly. Sit down and look at your schedule, priorities and commitments. Can you devote a proper amount of time, energy and attention to this enterprise? If so, go for it.

Gemini

(May 21-June 21)

Watch your mouth or you could find yourself in hot water. It's hard to control the impulse to blurt out the first thing that crosses your mind, but give the old college try. Someone else's example shows you the way.

Cancer

(Jun 22-Jul 22)

Figuring out what makes you happy is tough, but figuring out what makes someone else happy is next to impossible -- and will drive you nuts. So put down this task and do something that is easier and more enjoyable.

Leo

(Jul 23-Aug 23)

So door number one didn't work out. What about what's behind doors number two, three, four, five -- you're getting the picture, right? There are an infinite number of possibilities available if you let yourself see them.

Virgo

(Aug 24-Sep 23)

It's hard to know when you should follow your instincts and when you should hold steady as you are. Meditation and regular exercise can help you

get a handle on your personal power. What better time to start than now?

Libra

(Sept 24-Oct 23)

Who lit a fire under you? Who cares? The results are so worthwhile that it doesn't matter how they got there. You welcome this burst of inspiration. The heat you build up now will sustain for you a long time to come.

Scorpio

(Oct 24-Nov 22)

This little wrinkle in your social fabric will smooth out when you see what a strong grip the past still has on you. Fighting it will only make its hold on you more powerful. Stop struggling, relax and be less judgmental.

Sagittarius

(Nov 23-Dec 21)

You don't need more logic in your life. On the contrary, you need understanding and compassion. Make your rationality work collaboratively with your intuition instead of using it to overrule what you instinctively know.

Capricorn

(Dec 22-Jan 20)

Acting too hastily could result in a meltdown. So ride hard on any impulses that seem overwhelming. You know the way a mother tells her child to wait until they get home? Keep telling that to your inner child.

Aquarius

(Jan 21-Feb 19)

You understand

that reality is simply a set of guidelines, not hard-and-fast rules. However, remember to be respectful of others around you who may not get it. They can go their way and you'll go yours.

Pisces

(Feb 20-Mar 20)

Who -- you? The easygoing, dreamiest sign of the zodiac demanding that people be accountable for their actions -- including yourself? Go on with your bad self. You've got what it takes to make everybody toe the line.

Aries

(Mar 21-Apr 20)

If you know a certain outcome is inevitable, why are you wasting time by pussyfooting around it? Face your fears bravely and you might just discover that the situation wasn't nearly as bad as you thought it would be.

Handy Tip

To test to see if an egg is fresh, immerse it in a pan of cool, salted water. If it sinks, it's fresh. If it floats, throw it away!!
