(Apr 21-May 20)

So you feel like you're in over your head? Good! Believe it or not, this is how

(see Horoscopes pg. 2)

## Horoscopes

you'll learn to swim -- longer, faster and farther than you've ever done before -- metaphorically speaking, that is. Dive in.

### Gemini

(May 21-June 21)

Stick to the tried-and-true. No, wait -- now it's time for something completely different! Hey, there's no need to rush into a decision. Enjoy ping-ponging between these two stances and a solution will reveal itself.

### Cancer

(Jun 22-Jul 22)

You have tons of drive and energy right now, so make sure you take advantage of them. A part of you wants to rein it in, but the stars say it's time to go for it. Acknowledge all of your gifts and use them.

### Leo

(Jul 23-Aug 23)

You've gone as far as you can on this one. Now it's time to find a teacher or guide who can take you the rest of the way. You might want to join forces with someone you might have thought was an unorthodox choice before.

### Virgo

(Aug 24-Sep 23)

Balance your desire to try something new with the pressing demands of your schedule. Go do some work at home, but leave early and go for a hike

or eat at a new restaurant. That way, you'll be happy and accomplished.

### Libra

(Sept 24-Oct 23)

This rut went from feeling safe to dull, and now you're ready to take a leap into the unknown. Being open to the unexpected catapults you far from where you started. It's bumpy, it's exhilarating -- and you'll love it.

### Scorpio

(Oct 24-Nov 22)

Is this just one of those games people play? Well, you think the rules stink. Good for you! Learning what you will and won't put up with is key to living a full life. Now you can go and make your own rules.

### Sagittarius

(Nov 23-Dec 21)

Feel like you're rockin' and a-reelin'? That's no surprise; there are many different astrological influences careening throughout today. Let yourself go from one to the other. Learn to surf and you'll enjoy the waves.

### Capricorn

(Dec 22-Jan 20)

You can't get behind this, but the stars say you need to find a reason to believe. In other words, fake it 'til you make it. Once you do, you'll see how those shaky steps were necessary to get you right here, right now.

### Aquarius

(Jan 21-Feb 19)

It's easy to get

caught up in the hype, but then part of you remembers that you don't actually care about this stuff (why is that lesson so easy to forget?). Never fear, you'll come to your senses very soon.

### Pisces

(Feb 20-Mar 20)

It's a good time to acknowledge people who have supported you. Their efforts showcase your unique talents. Demonstrate your appreciation. Unorthodox gestures are doubly

appreciated, so get a little kooky.

### Aries

(Mar 21-Apr 20)

What's the big rush and what are you rushing toward? Asking that question is enough to stop you in your tracks. This is actually a good thing; frankly, you could use a little pause. It's time to reevaluate your position.

so they never went troutin. Ol' Coonfoot called Sven the next morning in a panic; he was a'wantin Sven to show him some tips and maybe even how to use a fly rod. After all, he only had six days before the tournament.

Sven regrettably agreed he would help and that afternoon he met Coonfoot at the river. Coonfoot had apparently been to Toads Bait Shop; he was completely outfitted for trout. He had waders, net, fly vest, boony hat, and a 7' fly rod.

Toad is a smart cookie you see. He had stocked every trout item he could find for the upcoming tournament and Ol' Coonfoot bought one of everything.

Even showed him how to tie on a Tellico Pheasant Tail Mosquito Nymph and then he had him practice casting the fly rod in the parking lot. After several frustrating hours, it was time to move to the water.

On his fourth cast the rod bent and Coonfoot started a hootin and a hollerin.

Be sure and catch next Monday's issue to find out what happens. -Gus
