(May 21-June 21)

This person has really gotten under your skin. Sometimes you can't decide if you love or hate the feeling. Well

(see Horoscopes pg. 2)

## Horoscopes

-- can't it be a little of both? Usually strong emotions carry their corollary right along with them.

### Cancer

(Jun 22-Jul 22)

Trying to get someone else to take your side is annoying. Frankly, the effort just saps your energy, so why do you keep on trying? Ah, that stubborn streak -- when it emerges, it really asserts its presence!

### Leo

(Jul 23-Aug 23)

Excess leads to success -- at least in your view. If it's all fun and games, that attitude is fine. If, however, you find yourself taking that maxim a touch too seriously, it's time to reexamine your priorities.

### Virgo

(Aug 24-Sep 23)

There are a myriad ways to resolve this dilemma; you just have to be willing and able to keep an open mind to any and all solutions. Even if a loved one suggests something you think is ridiculous, give it a chance.

### Libra

(Sept 24-Oct 23)

Tactful is practically your middle name. That's why you're able to take such a hard-line stance and other people graciously accept it. Chalk it up to the fact that you know when to bend and when to break.

### Scorpio

(Oct 24-Nov 22)

Okay, you've

branched out. Now you have the results -- and you're pretty happy with one or two of them. Think of yourself as a scientist. It's all about further experiments to see what yields the most data.

### Sagittarius

(Nov 23-Dec 21)

Pay attention to what you're feeling. If you're socially inclined and want to do something low-key with your friends, listen to that. If you want to be more high-profile, it's time to hunt down some fun.

### Capricorn

(Dec 22-Jan 20)

You recently made a valiant effort to change things in a nettlesome situation, and now you're finally seeing those developments start to gel -- and right when you were convinced that nothing was happening, too! **Aquarius**

(Jan 21-Feb 19)

Keep your chin up, slugger. Sure, the lightning-fast pace you adore has slowed down, but believe it or not, this crawl is good for you. Learn to roll with the punches, no matter how sluggishly they move.

### Pisces

(Feb 20-Mar 20)

Your loved ones admire your sense of control, but do they know how much it costs you at times? If they're starting to be overly reliant on you to constantly be the responsible one, it's time to set them

straight.

### Aries

(Mar 21-Apr 20)

The stars are definitely in your favor right now, so go for it. Prepare for your career status and the passion factor in your life to go through the roof. You can carry out any plans now, no matter how grandiose.

### Taurus

(Apr 21-May 20)

All the obstacles between you and your desired goal fall away. Now you're willing and able to make a leap of faith, and you

can do it fearlessly. Revel in this period of goodwill and emotional smooth sailing.

## PFDs

If a boat is not docked or tied to a fixed object, then a young passenger is required to wear a PFD (life jacket). A boat does not have to be under the power of a motor for the law to apply. It applies even if the boat is just drifting.

"Young boaters that are in a cabin or enclosed area aren't required to wear a PFD," noted TWRA's Chief of Boating Ed Carter. "Minus those enclosures, however, the law helps provide protection to our boating youngsters." The PFD law has been required for several years by TWRA, but is now also a U.S. Coast Guard law nationwide.
