a good book. Either way, it's okay. You need to do what you want and not pretend that you're feeling different.

**Cancer**

(Jun 22-Jul 22)

You said this with such good intentions, but your honeybunch might take it in the exact opposite way you intended. Misunderstandings happen. Fortunately, you have just the right way to smooth things over.

**Leo**

(Jul 23-Aug 23)

Hormones are running amok and a flirt like you can't resist the urge to spread your charm around. It's all in good fun, but just check in with your sweetie every now and then to make sure they understand that, too.

**Virgo**

(Aug 24-Sep 23)

The more nebulous a situation is, the better. That way you can survey all the possibilities and try them on for size. If one of you is getting antsy about making a choice, remind each other Rome wasn't built in a day.

**Libra**

(Sept 24-Oct 23)

Money often becomes the make-or-break issue between any couple. Maybe it's time you and your sweetie sat down and made a financial plan. If you already have one, double-check and make sure it still fits your lifestyle.

**Scorpio**

(Oct 24-Nov 22)

Your sweetheart's point of view could add a lot to your inner debate, so why not run your current arguments past them? You may not agree with or like what they have to say, but it will give you much food for thought.

**Sagittarius**

(Nov 23-Dec 21)

You're able to articulate your thoughts in such an original fashion. This helps if you and your sweetie have reached an impasse around a domestic issue. Your innovative way with words sheds some light.

**Capricorn**

(Dec 22-Jan 20)

An outbreak of spontaneity never hurt anyone, especially when it comes to expressing a little affection. It may feel slightly foreign at first, but once you sit with it, you'll realize how good it feels.

**Aquarius**

(Jan 21-Feb 19)

It's so much fun to sit with your darling and reminisce about all the times you've had together. There's nothing like a little trip down memory lane. It makes you appreciate what a great thing you have in the present.

**Pisces**

(Feb 20-Mar 20)

A family member or friend doesn't understand your relationship, but they don't have to -- only you do. You and your dar-

ling are the ones who have to be happy with the situation, which you absolutely are.

**Aries**

(Mar 21-Apr 20)

You and your darling have so much in common -- you even have the same kinds of career plans in place for the near and far future. Why not work on them together? It's always fun to get the input of someone you trust.

**Taurus**

(Apr 21-May 20)

Don't get too rough during a discussion with your sweetie

or you're going to get a red flag from the referee (otherwise known as your conscience). Yes, it's hard to pay attention in the heat of the moment, but try.

## Catch O' the Day: 91' Chevrolet

On Thursday night June, 14th rescuers were called to the spillway at Melton Hill Dam due to reports of a vehicle that had gotten away from the parking lot with the vehicle's owner apparently trying to "swim" to the other side.

Unfortunately, the 1991 Chevrolet was not a very strong swimmer and tragically drowned.

Rescue workers from the Loudon Co. Dive Rescue Team along with Cpl. Chad Estes and Deputy Michael Watkins from LCSD as well as officers Gambrell and Officer Atchley from TVAP, who handled the investigation, were on hand to assist in the recovery of the Chevy's body.

Anderson Co. EMS service volunteered to stay on the scene in order to assist and help lighten the load for Rural Metro who was experiencing a heavy call volume at the time of the accident.

Tommy Earl McClendon of Lenoir

City, the owner of the vehicle, along with a small crowd of on-lookers, waited anxiously as rescue divers valiantly searched for the vehicle's body. After several agonizing minutes, rescue workers were able to locate the vehicle and attach specialized equipment in order to lift the vehicle from the murky depths.

After the extraction their was a "flicker" of hope as the tail-lights were showing signs of life. Unfortunately, however, a source familiar with the model stated that it was, "only a reflex action and it would take a miracle to save the truck."

*ed's note: We know it's not funny, but sometimes you just gotta laugh. (After all, what can ya do? Mama said there'd be days like this!) Thanks for being a good sport, Tommy, hope you get everything worked out soon!*

formation about Norris. Toad said he told them that if any lake in Tennessee had a record catfish, Norris Lake would be the Lake. Toad said he has been hearing that same thing from fisherman for more than

twenty years now.

Think about it, Norris was the first dam TVA built way back in 1933 and it's the largest reservoir on a tributary of the Tennessee River. There could very well be an original catfish left, that 75 year old fish,

not to mention that Norris has some holes over 200' deep and I bet some have never been fished.

I have personally marked fish laying on bottom with my fish finder in some of those very holes and I never fished them because I never owned an anchor rope that would reach both bottom and boat

at such depths.
