be if the generators are running or not.

If they're not we might as well go to the house. These cat-fish tournaments can be a fun way to spend some time this summer and even if you don't fish the tournament, you might just want to go down to the ramp at 4pm and watch the weigh

in. That's what will get a feller hooked on cat fishing more than any other thing, once you have seen three or four fish being weighed in that are bigger than a kid, I've seen a 80 pound cat at these weigh-ins before, but be warned: these fish can be more addictive than any other fish in fresh water.

First signs of this addiction might be selling all your old fishing gear, upgrading to EXTRA HEAVY rod and reels. Fishing at night instead of day. If you start a chum barrel behind your house or have your own collection of panty hose in the tackle box, you might be getting that bug.
