something completely out of character. No, this 'isn't you,' but it certainly reflects part of your nature, doesn't it? So go with it! Let yourself cut loose.

Cancer

(Jun 22-Jul 22)

You said you were ready to take the next step, and at the time you meant it. Now that you think about it, though, you're having second thoughts. Talk it over instead of being pressured to go either way.

(Jul 23-Aug 23)

You're the caretaker of your well-being. Are you getting what you want out of this? Take these and other questions seriously. While your sense of humor is an asset, don't use it from a defensive position.

Virgo

(Aug 24-Sep 23)

Simple misunderstandings are easy to take care of, but you have to step up to the plate pronto rather than let them fester. And a few misunderstandings can be avoided by knowing what's appropriate to verbalize.

Libra

(Sept 24-Oct 23)

It's easy to get lost in a maze of choices, but focus and you can figure it out. You can't always tell what the best course of action is right away. Be open to new information, especially from unusual sources.

Scorpio

You know what you know, but then all of these people suddenly want proof of how you know it. Who says you have to give it to them? If this system works for you, then go with it. That's all the proof you require.

Aquarius

(Jan 21-Feb 19)

Who could've predicted this strange turn of events? Well, actually you could have -- if anyone had asked. The thing about having an original mind is that not everyone gets it at first. They'll change their tune now!

Pisces

(Feb 20-Mar 20)

Sometimes you feel like your ship is about to come in; other times you think it has completely gotten off course. Could both cases be true?

It might just be that your luck is taking a roundabout path to get to you.

Aries

(Mar 21-Apr 20)

Let yourself feel whatever it is you need to feel. Putting off emotions or trying to make them go away could make them pop up in surprising and perhaps unwelcome ways later on. Deal with this right now.

Taurus

(Apr 21-May 20)

Forcing something or someone to fit a set of ideals isn't fun for any of the parties involved. People and

relationships aren't toys, so treat them with the respect they deserve. You'll soon see improved circumstances.

Letter to the Editor

No one told you to quit your jobs!

That was your choice and no one else's. This letter is for everyone standing on the picket line.

You all say that you don't follow, cuss, or harass the people who went back to work. I know first hand that is a lie. My family couldn't even go to a local food center without being cornered.

Then the same few Maremont strikers who cornered my husband and me had the nerve to cuss a 66 year old woman who has nothing to do with Maremont.

Then the same people who do this got to church on teach on Sunday, sing in the choir, and a few of you even preach.

I know the kind of life I live, and the things I do are not perfect. No one is perfect. I am not saying that I don't

sin, because the bible says that we are all sinners saved by the grace of God. The bible says that a man who doesn't provide for his family is no better than an infidel.

For the people who are out there standing up for your rights, or for what you believe in: if you stand by someone who swears at people and you don't say anything, you are just as guilty as they are. God doesn't shut His eyes during the week just to look to see if you are in church on Sunday.

If you all truly are hard-working Christians you wouldn't cuss people for providing for their families.
