## Mud Dogs

The Loudon Mud Dogs, a traveling competitive baseball team of 8-year-old boys from Loudon has had an amazing season. Finishing the year with a 44-8 record the Loudon Mud Dogs ranked 1st in State in the Coaches Pole and 2nd in State in overall standings.

The natural talent and abilities of these young boys is amazing. With a winning percentage of over 86%, scoring a season total of 789 runs, and only allowing their season combined opponents 251 runs proves that this team was a force to be reckoned with.

One parent com-

mented: "We would go to tournaments not knowing any of the teams there but they ALL knew who we were. You could hear the whispers and see the heads turning as soon as we walked in the gates. Word gets around fast and we were marked every where we went as the team to beat, but out of 52 games we only got beat 8 times."

One would think to have a record like this that you would practice and/or play everyday of the week,

but they have structured practices only once a week focusing on the fundamentals then their tournaments are played only on the weekends in Knoxville, Loudon, Roane County, Jefferson County, and Sevierville.

This team is definitely going places and will be a group that you're going to want to keep your eye on. If you would like more information on this team check out their website at [www.loudonmuddogs.com](http://www.loudonmuddogs.com).

### Gus

stone age.

Well, on the Drudge Report I found some more info, but it is leaning more towards it happening sometime next year. Here some of what I found;

"A Washington source said that President Bush and Vice President Cheney did not trust any potential successors in the White House, Republican or Democrat, to

deal with Iran decisively. The red line is not in Iran. The red line is in Israel. If Israel is adamant it will attack, the US will have to take decisive action, the choices are: tell Israel no, let Israel do the job, or do the job yourself".

Let's look at another fact that almost half of the US's 277 warships are stationed close to Iran, including two aircraft carrier groups and over 158,000 troops with another 30,000 on the way.

Some republicans and most democrats are screaming about what a failure President Bush has done in Iraq, but I keep telling you that it's not Iraq President Bush has his eye on, it's Iran. Tick-Tock.

## Holiday

tax breaks for families preparing children to go back to school. This past session the General Assembly expanded the sales tax holiday to include art supplies such as clay and glazes; acrylic, tempera and oil paints; paintbrushes for artwork; sketch and drawing pads; and watercolors.

"These sales tax holidays provide our students another means to excel in school," said Governor Phil Bredesen. "However, back-to-school planning doesn't stop with supplies. I hope parents will be sure to complete their child's preparation for school by enrolling him or her in CoverKids."

From 12:01 a.m. Friday, Aug. 3, until 11:59 p.m. Sunday, Aug. 5, consumers may purchase selected clothing, school supplies and art supplies under \$100 and computers \$1,500 or less sales tax-free.

"Last year's inau-

gural holiday was extremely successful in giving back to Tennesseans, providing nearly \$15 million in tax savings to Tennessee families," said Revenue Commissioner Reagan Farr.

Although students and their families can save on back to school expenses, all Tennesseans can enjoy exempt items during the holiday.

Shoppers and retailers can find more information about the upcoming tax holiday at [www.tntaxholiday.com](http://www.tntaxholiday.com), including lists of exempt items, frequently asked questions and more. Assistance is available via e-mail at [Salestax.holiday@state.tn.us](mailto:Salestax.holiday@state.tn.us), and through a toll-free statewide telephone hot line by calling (800) 342-1003. [Out-of-state and Nashville-area callers, please dial (615) 253-0600.] Revenue will provide call-center services throughout the three-day weekend, including extended hours on Saturday and Sun-

day.

The Department of Revenue is responsible for the administration of state tax laws and motor vehicle title and registration laws established by the legislature and the collection of taxes and fees associated with those laws. The Department of Revenue collects approximately 92 percent of total state tax revenue. During the 2005-2006 fiscal year, the department collected \$10.3 billion in state taxes and fees. In addition to collecting state taxes, \$1.8 billion of local sales tax was collected by the department for local governments during the 2005-2006 fiscal year. Besides collecting taxes, the department enforces the revenue laws fairly and impartially in an effort to encourage voluntary taxpayer compliance. The department also apportions revenue collections for distribution to the various state funds and local units of government. To learn more about the

department, log on to [www.Tennessee.gov/revenue](http://www.Tennessee.gov/revenue).
