SmartFIX40

today with work still on schedule to be completed by June 30, 2009.

"We are very pleased with how well the project has progressed so far," said TDOT

Commissioner Gerald Nicely. "Drivers have adjusted well to the detour and traffic has continued to flow smoothly through Knoxville which was a key concern. Now the race is on for the contractor to complete all

work by June 30."

A one-mile segment of I-40, located between James White Parkway (Exit 388) and Hall of Fame Drive (Exit 389) was closed on May 1, 2008 for 14 months while crews worked to totally rebuild the short section of interstate for the final phase of the massive project. TDOT estimates by closing this section of I-40 for the work, the department will reduce construction time by two to three years. Broken into two separate contracts, SmartFIX40 has a construction price tag of \$190 million.

When construction on I-40 in downtown Knoxville is complete the interstate will be widened to six through lanes and four auxiliary lanes. In addition to interstate improvements, work has included the construction of nine bridges, 14 retaining walls and three noise walls. Additionally, two existing bridges have been demolished, 12 side roads are being completed and seven new

traffic ramps are being constructed.

Knoxville Mayor Bill Haslam added, "One of our main concerns was the impact this project would have on our revitalized downtown, but the pre-planning with TDOT, contractors, local law enforcement agencies and emergency services has paid dividends."

Since May 1, 2008, SmartFIX40 activities include:

Number of bridges constructed: 5

Traffic ramps constructed: 2

Noise walls constructed: 3

Bridges demolished: 9

Retaining walls constructed: 6

Steel used: 669,000 lbs.

Concrete poured: 3,181 cubic yards

Asphalt / base stone used: 80,969 tons

Earth moved: 226,000 cubic yards

Street lights installed: 134

Concrete sidewalk: 1,000 linear feet

Curb and gutter:

2,800 linear feet

Storm Sewer: 3,800 linear feet

Drilled shafts for bridge columns: 31

Daily average of workers: 250

Traffic information can be found on the SmartFIX40 website at smartfix40.com or by calling the SmartFIX40 project hotline at 865-329-GO40 (4640).

Thanksgiving recipes:

Golden Onion Rolls

This is an old Pillsbury BAKE-OFF winner from 1959. Recipe by Jule Ann Gorfkle.

- 2 packets active dry yeast
- 1/2 cup warm water
- 1/4 cup granulated sugar
- 1/4 cup solid vegetable shortening
- 1 tablespoon salt
- 3/4 cup hot scalded milk, cooled to lukewarm
- 2 large eggs
- 5 to 5-1/2 cups all-purpose flour
- 2 cups chopped onions
- 1/4 cup butter
- 1/4 teaspoon salt
- 2 tablespoons cream
- 1 large egg, slightly beaten
- poppy seeds

In a small bowl, soften yeast in warm water. In a large mixing bowl, combine sugar, shortening, salt and milk. Blend in 2 eggs and the softened yeast. Gradually add in flour to form a stiff dough. Knead on floured surface until smooth and satiny, 3 to 5 minutes. Place in a greased bowl and cover with a cloth. Let rise in a warm place until light and doubled in size, about 1 hour. Prepare onion filling: saute chopped onions in butter until golden in color. Add 1/4 teaspoon salt. Stir together cream and 2 tablespoons of slightly beaten egg (reserve remaining egg). Set aside to cool. Shape dough into 2-inch balls. Place on greased baking sheets. Flatten and press fingers in center of each ball to form a hollow. Place a tablespoon of filling in each hollow. Brush rolls with remaining beaten egg and sprinkle with poppy seeds. Let rise until doubled in size, about 45 minutes. Pre-heat oven to 400 F. Bake for 12 to 16 minutes until golden brown.
