2-day period. As a result of the investigation conducted by Sgt. Detective Patrick Upton and Detective Jason Smith, 4 juveniles have been charged in connection with the vandalism and

theft spree that combed the neighborhood. After the vandalism was reported two officers were performing surveillance in the neighborhood overnight as a precautionary measure.

According to the report, a 911 call was received in regards to a stabbing that had just occurred on Fork Creek Road. When law enforcement arrived they found Richard Skinner had three severe cuts to his person. The victim advised Kevin "Porky"

Route 1) on July 3rd preceding the holiday weekend. This is the largest concentration of enforcement ever given to a single highway in

## Juveniles

Detectives stated an eyewitness reported seeing two juveniles they identified to officers. The juveniles then decided it would be a good idea to advertise on their My Space pages, which subsequently led to their apprehension and charges. A total of 30 charges were filed against the four juveniles.

Taken in the thefts were Ipod, sunglasses, knives, CDs were taken from cars and thrown. Vandalism included driveways and mailboxes spray-painted, car egged, a garage door opened and items placed in the middle of the street to obstruct traf-

fic flow. The charges included theft under \$500 and vandalism over \$500. Detectives Sgt. Patrick Up-ton and Jason Smith, LCSD CID handled the investigation and filed the charges.

## Safe 70

The roadway is one of only two state routes that run the entire length of the state and most of it is rural.

"Rural fatalities in Tennessee have increased in recent years and we are committed to getting those stats down," stated Kendell Poole, Director of the Tennessee Governor's Highway Safety Office (GHSO). "70 percent of all total

traffic fatalities occur in the rural areas."

The disparity between rural and urban fatalities is obvious if you compare the State Route 70 counties of Putnam and Shelby. The National Highway Traffic Safety Administration reported the 2006 fatality rate per 100,000 population in Shelby County as 13.28 percent while it was 39.54 percent in Putnam County. In addition, the last report of overall economic impact of motor vehicle crashes in Tennessee was 4.628 billion dollars. Rural taxpayers should ask themselves who is paying the larger portion of the expense.

GHSO Liaison Clint Shrum said, "The focus of Safe 70 is aggressive and impaired drivers. This event is for the sole purpose of saving lives and not about how many tickets these agencies can write."

The enforcement will begin at 3:00

p.m. on Thursday, July 3, 2008 and run for 12 hours. Safe 70 kicks off the state impaired driving mobilization that runs through July 12th.

Agencies participating in the operation in the East Tennessee Region include Cocke, Jefferson, Knox, and Roane County Sheriff Offices; Newport, Dandridge, Knoxville, Kingston, and Rockwood Police Departments; University of Tennessee Campus Police; Tennessee High Patrol Fall Branch and Knoxville Districts.

## Fishing

Now I know most of you didn't even realize there was another catfish club; yes there is, but I must say that I wasn't too impressed. We had a \$500 dollar first place and all entry fees went to second and third place.

We told the other fellow that puts on that show if any of their members wanted to fish our tournament they would be welcome, but that old boy wouldn't have nothing to do with it.

One of our members did slip in and fish theirs though. Someone weighed in a dead fish, we saw it floating, and he stated that no one was disqualified for the apparent violation.

See, we take pride and love into these old fish, some of them are older than we are, so to see one floating after a club fishes sort of makes me sad and mad.

Fellows, when you fish these tournaments, bass or catfish, spend the extra

money and do your bait tanks up right - there is no excuse for someone bringing in a dead fish. If it's going to die, be a man, turn the fish loose. Or when you see fish, do you see dollar signs? I hope you're not one of those guys. Someday I hope my grandson will have the chance to catch one of Tennessee's world class catfish.

## TWRC

meeting was held at the Region II Ray Bell Building at the Ellington Agricultural Center.

The new budget goes into effect July 1. Due to a decrease in license sales, TWRA has cut the budget \$4.7 million or 7.8 percent from fiscal year 2008-09.

The TWRC also passed a motion not to increase TWRA's hunting and fishing license fees for the license year starting in 2009. The licenses are good from March 1 through the end of the following February each year.

George Bidwell, Region IV Area 43 boating officer, was presented the 2008 Boating Safety Awareness

Alcohol Awareness Impact Award.

The TWRC voted to make the proper budget adjustment after TWRA received a \$225,000 Federal Endangered Species Grant for the acquisition of the Pearson Cave property in Hawkins County. The 101-plus acres of the property provides habitat for the endangered Gray and Indiana bats.

The TWRC will not meet in July, but will resume its schedule August 20-21. The August meeting will be held at Pickwick Landing State Park.
