Aquarius

(Jan 21-Feb 19)

Live the way you want to live, at least for the day. It's a good time for you to share your feelings with someone close, as long as they more or less agree with your wilder ideas and plans.

Pisces

(Feb 20-Mar 20)

Your mind is consumed with trying to figure out a person or puzzle in your life and it's tougher than it looks. Of course, there's no answer in the back, so you may need to ask a friend for help.

Aries

(Mar 21-Apr 20)

You're not afraid to try new things or to see about new ideas -- in fact, you'd rather take care of them than stick with anything that's boring and safe. It's a good day for pioneering and taking risks!

Taurus

(Apr 21-May 20)

You need to avoid the impulse to make hasty decisions today -- there's a lot more going on than you realize yet! It's a better time for you to slow down and try to ignore all outside pressures.

Gemini

(May 21-June 21)

Listen carefully to your friends and family today -- they've got more to tell you than they are letting on. You may need to read between the lines somewhat to really get to the heart of it.

Cancer

(Jun 22-Jul 22)

You're trying to keep cool about some topic of importance to you, but it may be tough. There's really only so much you can do to keep from blurting out the truth to the wrong people.

Leo

(Jul 23-Aug 23)

You're in the right frame of mind for some advanced education -- of any kind. From aviation to Zen Buddhism, your focus and energy are perfect. You may be a dilettante or you may take to it for life.

Virgo

(Aug 24-Sep 23)

Your peers and family members aren't quite on your wavelength today, but it shouldn't cause anything worse than light friction. You might actually make progress if a conflict comes to the surface.

Libra

(Sept 24-Oct 23)

Today might be a perfect 10 -- or it might feel perfectly awful! There's an upside to the latter, though: If you're feeling down, it's all because you're misreading something or someone pretty badly.

Scorpio

(Oct 24-Nov 22)

You're not looking out for your own interests today -- at least less so than usual! You may be volunteering, helping a child to deal with homework or just holding the elevator door open for an elder.

Sagittarius

(Nov 23-Dec 21)

Are you single or involved? Either way, your romantic energy is peaking now, so it's a good time to make advances or spend some quality time alone with your sweetie. Things should sizzle!

Impersonator

light stopped him as he was walking on Christian Street.

Ferguson advised the driver told him he was the police and patted him down, made him empty his pockets, and put him in the back of the car and questioned him about drugs. When he was done the subject gave Mr. Ferguson all his belongings back and told him to have a nice day.

The police impersonator was described as a white male, 5'10 with a medium build in his late

30's to early 40's. He was clean cut, clean shaven, had short hair, eye glasses with thick lenses and loop around ear pieces wearing blue jeans and a dark colored short sleeve shirt.

The man was driving a black, older model Ford LTD with a single blue light on the dash and a possible faded decal on the side of the car. There was an older type CB radio inside of vehicle and no cage separating the seats.

This case is under investigation.
