## Safety

weekends. The 2008 Memorial holiday period had 13 reported accidents with one fatality and four injuries across the state. Officers arrested 26 for boating under the influence (BUI).

This year, as the Memorial Day holiday weekend approaches, there has been 16 reported accidents and five fatalities on state waters in 2009.

Along with the use of life jackets, TWRA wants to stress the responsible use of alcohol while boating. It is important to consider the effects of drinking and driving whether on water or land. In a boat on the water, consuming one beer is equivalent to drinking three beers on land because of external stressors such as engine vibration, wave motion and glare from the sun. Operating a boat with a Blood Alcohol Content of .08 or higher is illegal in Tennessee, the same as operating a motor vehicle.

For many Tennesseans, this weekend will be the first time to have the boat on the water this year.

TWRA officials say taking a few minutes to

check some of the boat components may be the key to having a nice, safe day. Merely performing a simple maintenance check before getting on the water may save heartache and trouble. Check hoses to make sure they are in good shape. Check spark plugs and be sure to use UL marine grade plugs. Make sure the lights work and carry extra fuses and bulbs.

In addition, TWRA urges all boaters to remember the basics:

- \*have a wearable life jacket for every person onboard

- \*if your boat is 16 feet or longer, there must be a Type IV throwable device onboard

- \*have onboard a fire extinguisher if you have enclosed fuel compartments or cabins

- \*anyone under the age of 13 must wear a life jacket at all times while the boat is underway – drifting is considered underway

- \*any boat operator born after January 1, 1989 must have onboard the TWRA-issued wallet Boating Safety Education Certificate

- \*keep alcohol to a minimum – choose a designated boat operator

- \*make sure there is a current boat registration

Boat Operation Basics:

- \*keep a proper lookout at all times

- \*maintain a safe speed

- \*practice good seamanship

- \*cut the engine while boarding from the water or entering the wa-

ter from the boat

- \*be aware of the carbon monoxide hazards that exist and keep fresh air flowing

- \*no wake means idle speed

\*take a boating safety course – log onto [www.tnwildlife.org](http://www.tnwildlife.org) for information.

## Chadeayne

from justice.

Edward R. Chadeayne, 52, West 58th Street, Cleveland, Ohio was charged with being a fugitive from justice, drivers license violation and light law.

According to the report, on Tuesday morning at 3:00 a.m., Trooper Rusty Smith, THP stopped a orange 2000 Dodge Neon on Interstate 75 at the 71 mm. The driver, Edward R. Chadeayne was stopped for a road rage incident after the vehicle he was reportedly following called and com-

plained on him.

Trooper Smith ran Chadeayne's license and a hit confirmation from Georgia came back on a larceny warrant.

THP dispatch confirmed the warrant and stated Georgia would extradite.

## Trimmer

According to records, Thursday at approximately 4:30 p.m., Deputy C. McConkey, LCSO was dispatched to Poplar Springs boat ramp in reference to a theft that occurred on Smallen Road in Loudon.

The complainant, Mr. Christopher L.

Smallen stated when he walked outside his residence that morning at around 6:30 a.m., his dad's red and black 6 1/2 hp Toro weed trimmer

was gone.

Smallen said the last time he saw the weed trimmer was the night before. Mr. Smallen's daughter advised she

saw a white van in the area that same night.

The approximate value of the weed trimmer is around \$250 - \$300.
