Letter to the Editor

Editor: Daily Edition;

On June 7, 2009, my husband, Jim Spencer, was fishing at Fort Loudon just below the dam between 6:00 a.m. and 9:00 a.m. Somewhere in that time he fell at least fifteen feet down a rock bank.

He broke both legs, a vertebrae in his neck, fractured his skull and fractured his left wrist.

He is now at home, however, he has no memory of how he fell. He was told that there was a man who sat with him and were also two men in a boat who called 911 for help. They also helped paramedics and TWRA get him to safety.

He was taken to Fort Loudoun hospital, then Lifestar flew him to U.T.

What he would like is to find out how he fell and to also thank those who helped him.

We are very grateful for the help. We were told that with their fast help they saved his life.

Please call 865-986-9368.

Thank you,
The Spencer family
