Supporting the priorities of the US DOJ

Since being sworn in as United States Attorney for the Eastern District of Tennessee on November 21, 2017, I have been working diligently to support the Department of Justice (DOJ) priorities outlined by United States Attorney General Jeff Sessions as well as the mission of the U.S. Attorney's Office for the Eastern District of Tennessee.

Currently, the top five DOJ priorities include: reducing violent crime; establishing a lawful and constitutional immigration system that makes us safer and more secure; combatting the drug/opioid addiction crisis; protecting our national security; and, enforcing the rule of law. To aid in the enforcement of these priorities, Attorney General Sessions has announced

DOJ

several new tools, initiatives, and programs as well as enhancements to existing programs for U.S. Attorney's offices and federal, state, and local law enforcement.

In May 2017, Attorney General Sessions issued a memo establishing DOJ charging and sentencing policies. This guidance reestablished the longstanding DOJ policy, trusting our federal prosecutors to use their discretion and judgment to apply the law to the facts of the investigation and pursue the most serious, readily provable offense(s) supported by the facts of the case.

Attorney General Sessions has also repeatedly reinforced his commitment to assist law enforcement in performing their duties, celebrating the noble, honorable, essential, and challenging work of law enforcement communities, while always seeking to affirm the critical role of police officers in our society. Supporting our law enforcement partners and the excellent work that they do as well as promoting coordination and cooperation between local, state, and federal law enforcement agencies, will also continue to be a top priority in East Tennessee.

The nation is currently facing the deadliest drug crisis in American history. Unfortunately, East Tennessee is not immune to this problem. In fact, statistics show that Tennessee is one of the "hot spots" for drug abuse and overdose related deaths in the country. Combatting this drug/opioid crisis is a top priority for President Trump and his administration as well as Attorney General Sessions. Accordingly, the U.S.

Attorney's office will continue to take every action available to address this crisis, including working with our federal, state, and local partners, to target and prosecute those who are unlawfully furthering this epidemic.

In August 2017, the Attorney General announced the formation of the Opioid Fraud and Abuse Detection Unit, a new Department of Justice program to utilize data to help combat the devastating opioid crisis. The Eastern District of Tennessee received one of 12 experienced Assistant U.S. Attorney positions allocated across the country to focus solely on investigating and prosecuting health care fraud related to prescription opioids, including pill mill schemes and pharmacies that unlawfully divert or dispense prescription opioids.

In October 2017, Attorney General Sessions announced the expansion of Project Safe Neighborhoods (PSN), which encourages U.S. Attorneys' offices to work with the communities they serve to develop customized crime reduction strategies. Originally launched in 2001, one study showed that, in its first seven years, PSN reduced violent crime overall by 4.1 percent with case studies showing reductions in certain areas of up to 42 percent. The PSN program has always been strong in the Eastern District of Tennessee and will continue to thrive during a reinvigoration of the district's crime reduction strategy incorporating lessons learned since its inception. I am fully on-board with making our neighbors, schools, and communities free from illegal drugs and crime.

LCSO

Marsha Washburn, 46, Skyline Drive Knoxville, was charged with Mfg/Del/Sale or Poss. of Meth.

Deputy Z. Frye LCSO, observed a red Ford Focus traveling West on Hwy 70. Once behind the vehicle, Deputy paced the vehicle at 50 mph in a posted 40 mph zone. The driver also failed to maintain its lane of travel and crossed the center line multiple times. Deputy initiated a traffic stop at 781 Hwy 70 West. Deputy made contact with the driver, Marsha Washburn. She stated to him that she and her friends were going to a friends house on Abbott Road.

There were three other occupants in the vehicle. Deputy did notice the driver and other occupants to be very nervous. Deputy then pulled all occupants from the vehicle. Consent to search the vehicle was given by the driver of the

vehicle. Upon search of the vehicle, a small bag containing 0.40 grams of crystal substance believed to be Methamphetamine was found in the driver side floor board underneath the drivers purse. All occupants of the vehicle were asked who the meth belonged to and none would take ownership of the substance. Mrs. washburn did state to Deputy that she was a meth addict and used daily. Due to the facts of where the meth was located, Mrs. Washburn was placed under arrest for possession of Methamphetamine.

ficer was able to extract the baggie. Inside the baggie was a white, crystal while substance that is believed to be methamphetamine. All four individuals in the vehicle were interviewed and no one took ownership of the meth-

amphetamine. All resources were exhausted and your affidavit was unsuccessful in trying to identify the owner of the narcotics. After arriving to the jail Ms. Abercrombie was transported inside and

searched by Corporal Snow. Corporal Snow was able to locate five circular blue pills on Ms. Abercrombie's person. When asked Ms. Abercrombie stated that the pills were Xanax.
