FALSE CLAIMS OF HACKED VOTER INFORMATION LIKELY INTENDED TO CAST DOUBT ON LEGITIMACY OF U.S. ELECTIONS

The Federal Bureau of Investigation (FBI) and the Cybersecurity and Infrastructure Security Agency (CISA) are issuing this announcement to raise awareness of the potential threat posed by attempts to spread disinformation regarding cyberattacks on U.S. voter registration databases or voting systems.

During the 2020

election season, foreign actors and cyber criminals are spreading false and inconsistent information through various online platforms in an attempt to manipulate public opinion, discredit the electoral process, and undermine confidence in U.S. democratic institutions. These malicious actors could use these forums to also spread disinformation

suggesting successful cyber operations have compromised election infrastructure and facilitated the "hacking" and "leaking" of U.S. voter registration data.

In reality, much U.S. voter information can be purchased or acquired through publicly available sources. While cyber actors

Mary Goddard, 45, Harding Way Lenoir City, was charged with Evading Arrest, Reckless Endangerment, Reckless Driving, DUI, Driving on Revoked/Suspended License, and Poss. Of Sch. III & IV Drugs.

Cpl. Z. Frye LCSO, observed a purple Chevy Camaro traveling at a high rate of speed on Hwy 70 W near Mealer Rd. Once behind the vehicle, it increased speed exceeding speeds of 90mph. Cpl. then initiated a traffic stop at Hwy 70 W at Abbott Rd. The vehicle refused to stop and fled in an attempt to evade police. Cpl. initiated pursuit on the vehicle and the pursuit traveled into Roane and Anderson Counties, also into Oak Ridge city limits, with speeds ranging from 30mph to 95mph. The vehicle then fled onto Y12 National Security Complex

property. Cpl. along with Sgt. Fagiana conducted a box-in maneuver and was successfully able to stop the vehicle on Bear Creek Road, inside Y12 property, and take the driver into custody. During the box-in maneuver the suspect vehicle did make contact with his patrol vehicle causing minor damage to my front bumper. Upon contact with the driver, Mary Goddard, Cpl. noticed her to have constricted pupils and lethargic actions while speaking to me.

Goddard was asked to conduct S.F.S.T and performed poorly on all tests given. Goddard was read the TN Implied Consent Advisement and did consent to a blood draw. Dispatch did advise Goddard's driver's license to be revoked for DUI. Goddard's vehicle was seized and taken to Monymakers Wrecker Service. During inventory of the ve-

FBI

have in recent years obtained voter registration information, the acquisition of this data did not impact the voting process or the integrity of election results. In addition, the FBI and CISA have no information suggesting any cyberattack on U.S. election infrastructure has prevented an election from occurring, compromised the accuracy of voter registration information, prevented a registered voter from casting a ballot, or compromised the integrity of any ballots cast.

RECOMMENDATIONS

Seek out information from trustworthy sources, verify who produced the content, and consider their intent.

Rely on state and local election officials for information about voter registration databases and voting systems.

View early, unverified claims with a healthy dose of

skepticism.

Verify through multiple reliable sources any reports about compromises of voter information or voting systems, and consider searching for other reliable sources before sharing such information via social media or other avenues.

Report potential election crimes—such as disinformation about the manner, time, or place of voting—to the FBI.

If appropriate, make use of in-platform tools offered by social media companies for reporting suspicious posts that appear to be spreading false or inconsistent information about voter information or voting systems.

The FBI and CISA coordinate closely with federal, state, and local election partners and provide services and information to safeguard U.S. voting processes and maintain the integrity of U.S. elections. Both organizations urge the American

public to critically evaluate the sources of the information they consume and to seek out reliable and verified information.

The FBI is responsible for investigating malign foreign influence operations and malicious cyber activity targeting election infrastructure and other U.S. democratic in-

stitutions. CISA is responsible for protecting the nation's critical infrastructure from physical and cyber threats and has provided voluntary guidance, training, exercises, and other resources to help state and local election officials secure their voter registration systems and data.

Friends of the Library donate \$50,000 for eMedia

The gift commemorates the organization's 50th anniversary. Mayor Glenn Jacobs and the Knox County Public Library are pleased to accept a \$50,000 donation from the Friends of the Library for the purchase of downloadable ebooks and audiobooks. A check presentation was made on September 30, 2020 at Lawson McGhee Library. The donation is pending approval from the Knox County Commission.

The organization was officially formed on Sept. 29, 1970 to foster a love of libraries, books and reading through outreach, advocacy, and support. The gift was made to commemorate the volunteer organization's 50th anniversary milestone. Since its inception, the Friends have donated nearly \$1 million to the library system. Its support has made many library programs and ancillary services possible, including:

Providing seed funding to start the audiovisual collection

Purchasing equipment for cleaning and restoring CDs and DVDs thereby extending the life of those media

Acting as fiscal agent to begin Imagination Library with ongoing annual gifts of \$5,000

Restoring important paintings by Knoxville artist Catherine Wiley for the McClung Historical Collection

Funding Spanish language computer workshops and reference databases

Supporting Summer Library Club programming and prizes every year

Launching the Children's Festival of Reading

Providing matching funds for many grants

Beyond its financial gifts, the Friends of the Library supports library staff through appreciation days and ongoing encouragement. It advocates for library programs and services, spreading the word through all their channels.

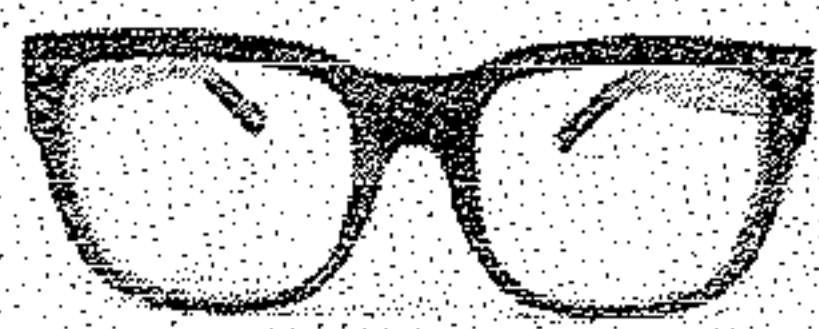

"We are immensely pleased to have the support of the Friends of the Library," commented Library Director, Myretta Black. "This gift will help us provide much needed resources in eMedia, which is growing in popularity

daily. Truly, we are fortunate to have such a dedicated group of volunteers who care about our community and the health of the library system."

The \$50,000 donation will provide funding for about 850 new ebooks and audiobooks. Since March 21, 2020, patrons have borrowed more than 422,000 ebooks and audiobooks; since January 2015, more than 2.8 million titles have circulated.

Mayor Glenn Jacobs was on hand at the check presentation ceremony to accept the donation on behalf of the Knox County Public Library. "I want to thank the Friends for their generous donation to the library system, and congratulate them on 50 great years," commented Mayor Jacobs. "This is a very caring community and that is personified in the Friends. Truly, this long-running public-private partnership helps make us the best we can be. We are a better community for it."
