Loudon County's Own Sheriff Jimmy Davis was attacked after a hit and run driver was "all over the roadway" on I40 in Knox County.

The driver hit four cars and then crashed into the concrete barrier where Sheriff Davis went to lend assistance and was attacked.

The driver was identified as

37-year-old Erwin Francisco Rivera Lanza, of Gatlinburg. The incident occurred Saturday afternoon.

The report stated one of those vehicles was a Tennessee Department of Transportation truck with lights flashing.

At the time of the crashes, the report said, Davis, who was off-duty, was following Lanza while on the phone with 911 to give dispatchers his location.

"After Rivera Lanza came to final rest, Sheriff Davis went up to the vehicle to check, and Rivera Lanza came out of the vehicle fighting," the report said. "Rivera Lanza struck Sheriff Davis on the head and ribs."

Apparently no other units were on the interstate while the incident was ongoing however after the crash the Tennessee Highway Patrol responded to the scene, and Lanza was taken into custody and sent to the University of Tennessee Medical Center.

The report stated Lanza was driving at speeds over 100mph and he refused a blood draw while at the hospital.

Lanza was charged with aggravated assault, driving under the influence, reckless endangerment and leaving

the scene of an accident. The report did not state weather he even had a valid license however he is on an immigration hold.

The THP crash report showed two people inside the first car that was rear-ended suffered injuries. The driver of the second vehicle that was sideswiped also suffered injuries. A 1-year-old child was in the third vehicle that was hit, but they were not hurt.

Sheriff Davis suffered multiple broken ribs after the attack, according to the incident report.

Lanza is facing numerous charges, including driving under the influence, reckless endangerment, felony aggravated assault and leaving the scene of an accident. He is also facing other traffic violations and has an immigration hold.

various Driver Service Centers (DSC) across Tennessee. Huff managed and supervised DSC employees in the Greater Knoxville area and had authority to issue driver's licenses and application cards.

Paz-Mejia recruited individuals who were neither citizens of the United States nor residents of Tennessee who wanted to acquire a Tennessee driver's license or identification card. Using his association with Huff, Paz-Mejia represented to his customers that, in return for \$2,500, Paz-Mejia could obtain for them a Tennessee driver's license or identification card. Paz-Mejia also assisted his customers in obtaining false citizenship and residency documents—two requirements to obtain a Tennessee driver's license—including fraudulent lease agreements to establish proof of Tennessee residency, and false birth certificates, Social Security cards, and driver's licenses from other states and U.S. territories to establish proof of citizenship or legal

residency in the United States.

Huff knew, or deliberately ignored a high probability, that Paz-Mejia was helping his customers obtain false citizenship and residency documents and that Paz-Mejia charged his customers money to obtain a Tennessee driver's license or identification card.

Huff used her access to TDSHS's internal software to confirm that the names and information on the false citizenship and residency documents used by Paz-Mejia's customers could be used to obtain a Tennessee driver's license or identification card. For example, on June 23, 2021, Paz-Mejia texted Huff the name, date of birth, and personal information used on false identification documents, asking Huff to "check that please." Huff responded, "All of these are not on file. They're good."

After Paz-Mejia's customers acquired false citizenship and residency documents, Paz-Mejia arranged to meet them at a Knoxville-area DSC before business hours. With Huff's

assistance, Paz-Mejia escorted his customers into DSCs before business hours, including through a backdoor employee-only entrance. Once Paz-Mejia and his customers were inside, Huff initiated driver's license applications for the customers using TDSHS software. Huff also instructed subordinate DSC employees to complete applications and issue driver's licenses to many of Paz-Mejia's customers.

"Abusing a position of public trust to commit any federal crime, including conspiracy to unlawfully produce false identification documents, undermines the public's confidence in government functions and creates a serious security risk," said United States Attorney for the Eastern District of Tennessee Francis M. Hamilton III. "Our office will aggressively prosecute government employees who abuse their trusted employment positions for personal gain."

"I am deeply disappointed in the actions of a former Tennessee Driver Services District Manager and others

who betrayed the trust and tarnished the reputation of the Tennessee Department of Safety and Homeland Security," said Tennessee Department of Safety and Homeland Security Commissioner Jeff Long. "I want to thank the departmental employees for having the courage to alert and cooperate with the Tennessee Highway Patrol's Criminal Investigation Division on this case involving one of their co-workers. Our agency cooperates and works closely with federal law enforcement partners and the United States Attorney's Office to pursue justice to the fullest extent of the law."

This prosecution is the result of an ongoing investigation by the Tennessee Highway Patrol's Criminal Investigation Division, the United States Department of Homeland Security's Homeland Security Investigations, the United States Postal Inspection Service, and the United States Secret Service.

William A. Roach, Jr., Assistant United States Attorney, represented the United States.
