### Update on Rapid Assessment of SARS-CoV-2 Transmission at 2023 EIS Conference

CDC's 2023 Epidemic Intelligence Service (EIS) Conference brought together approximately 1,800 in-person and 400 virtual attendees during April 24-27, 2023, in a hotel conference facility in Atlanta, Georgia. This annual, multi-purpose event consists of both traditional scientific presentations, as well as one-on-one and small-group recruit-

ment events for incoming EIS officers and staff from CDC and state and local health departments.

On Thursday, April 27, several in-person attendees notified conference organizers that they had tested positive for SARS-CoV-2, the virus that causes COVID-19. That same day, EIS leaders made an announcement at the conference about potential cases and took

action to reduce further spread connected with the conference and related events. After the conference ended, CDC received additional reports of attendees testing positive for SARS-CoV-2 and worked with the Georgia Department of Public Health to initiate a rapid assessment. The goals were to learn more about

see CDC pg. 4

#### Verse of the Day

How, then, can they call on the one they have not believed in? And how can they believe in the one of whom they have not heard? And how can they hear without someone preaching to them? —Romans 10:14

#### Wazzup

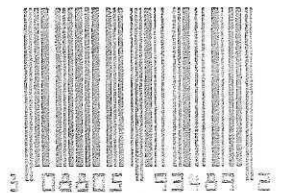

You Can't Sell Food At the Park in Lenoir City! Not the Ice Cream Truck Nor any Church Groups. The Only Sales Allowed are Fruits and Veggies!

#### Weather

Today: partly cloudy. High of 87F. Tonight: Clear. Low of 60F. Tuesday: Partly cloudy. High of 88F. Tuesday night: Overcast. Low of 62F.

#### Horoscope

Gemini 5/21-6/20  
It's up to you to strut your stuff, Gemini. As long as you're bashful about showcasing your innate gifts, it will be difficult to find meaning in your life.

**assault**

Gordon Narmore, 42, Church Street Philadelphia, was charged with, Domestic Assault x2, Resisting Arrest, and Vandalism.

Deputy Pendleton LCSO, was dispatched to Morton Lane in reference to a domestic in progress. Upon arrival, Deputy made contact with Gordon Naramore (Offender/Arrestee) who stated he was struck in the back of his head and his ribs with a club. Upon speaking with the victims (Complainant/Victim), it was discovered that Gordon had picked up victim 1 and slammed her to the ground causing her to have her teeth knocked loose. After seeing this,

victim 2 then hit Gordon with a club in the ribs to try to prevent further injury to victim 1. Gordon then grabbed victim 2 by the right arm scratching her and taking the club from her. Both victims then ran to a vehicle in the driveway in an attempt to flee the residence. Gordon proceeded to go to the vehicle and strike it several times which caused damage to the driver side taillight. At this time Sgt. Pesterfield placed Gordon into custody. As Deputy Pendleton and Deputy Parks were escorting him to the car Gordon began to get very tense and stopped walking. Deputy Pendleton, Deputy Parks, and Deputy Watson then began carrying Gor-

don to the patrol unit as he Loudon County, Tennessee was still refusing to walk. The above did occur in dent.

**DUI+**

Kayla Payne, 40, Country Road Etowah, was charged with DUI, Driving on Revoked/Suspended License, Child Abuse or Neglect-Endangerment, and Theft.

Deputy L. Hawkins LCSO, was dispatched to the Walmart parking lot to meet with the complainant victim in reference to a stolen vehicle at Ranchero Drive. Deputy arrived on the scene and made contact with the victim. On approximately Tuesday 5/23/2023 victim received a call from a family friend, Kayla Payne. Kayla was requesting to stay at the victim residence because she had no where to go. During her stay, victim allowed Kayla to use a 2017 Kia Soul registered to her husband, who is currently in Peninsula Mental Health Hospital. Kayla used the vehicle on Wednesday 5/24/2023 to pick a friend up and then returned to the residence. After this, Kayla asked multiple times if she could "have" the vehicle. The victim told her "no" every time. On Saturday 5/27/2023

Kayla left the residence at approximately 3:00 am, according to the victim. Around that time, she heard the door open and went to see who was in the house and notice Kayla was gone. The victim did not notice that the vehicle was missing at that time and stated the keys to the vehicle were left on the end table in the living room before Kayla left the residence. On this same Saturday at approximately 6:00 pm, she noticed the vehicle was missing. Victim wanted to give Kayla a chance to return the vehicle and called her multiple times with no reply. Kayla's son, is a 16 year old autistic male. Kayla had not asked the victim to look after her son and left him at the residence with the victim. The victim advised that she had left him there several other times with no warning. The son advised the deputy that his mother did not ask victim and that he also attempted to contact his mother several times with no answer. On Sunday 5/28/2023 Kayla was booked into The Loudon County Jail by Offi-

cer C. Law with the Lenoir City Police Department on separate charges. Officer Law advised me that when he had contact with Kayla she was driving the 2017 Kia Soul and it was towed by Malones Wrecker Service. Due to the vehicle being located soon after my contact with the victim, the vehicle was not entered into NCIC. Deputy arrived at the Jail to speak with Kayla, she advised that the victim and her son were

lying to cover their tracks. Kayla believes victim was lying because she is scared of her husband and didn't want him to find out she had let Kayla use the car. CID and DCS was contacted in reference to this incident. DCS referral #1438351157. Det. Gaumer contacted the sister of the son, and she stated that on 5/29/2023 she will take custody of her brother. All the above did occur in Loudon County, Tennessee.

**DV**

Natalie Gutierrez, 20, Steekee Road Loudon, was charged with, Domestic Assault.

Officer Ingram LPD, was dispatched to a physical domestic at Steekee Rd in Loudon. Upon arrival Officer made contact with the victim who advised the officer her and her aunt, Natalie Gutierrez, had gotten into a verbal altercation that became physical. She advised the officer they were arguing about chores and victim noticed Natalie was recording her and she physically grabbed her phone from her hand. That caused the physical fight to start. They both fell on the ground and the victim was on top of Natalie and Natalie pulled the victims hair. At that point officers arrived on scene and they had been separated prior to our arrival. After speaking with multiple parties on scene, and reviewing a video that was taken during the

altercation, Officer deemed Gutierrez the primary aggressor. She was placed into custody and was given permission to call a family member to arrange a plan to get her items from the residence after she was released from jail. Officer then transported Ms. Gutierrez to the Loudon County Jail without incident. She is being charged with Domestic Assault T.C.A. 39-13-111. This did occur in the city of Loudon.

**CDC**

transmission that occurred and add to our understanding as we transition to the next phase of COVID-19 surveillance and response.

The rapid assessment team surveyed in-person attendees from May 5-12 about their COVID-19 testing results and healthcare-seeking behavior. Among 1,443 survey respondents (over 80% of the in-person attendees):

181 (13%) respondents reported testing positive for

**SARS-CoV-2**

Of those who reported testing positive, 52% reported no known prior COVID-19 infection

1,435 (99.4%) of respondents reported at least one COVID-19 vaccine dose

49 (27%) of the respondents who tested positive received antiviral medications

70% of respondents reported not wearing a mask; the event coincided with a period of low COVID-19 Community Levels, where masking is not recommended in CDC guidance

None were hospitalized

These findings underline the importance of vaccination for protecting individuals against severe illness and death related to COVID-19. Nearly every respondent reported receiving at least one COVID-19 vaccine dose, and none of the 181 people who reported testing positive were hospitalized.

Not surprisingly, there was an increased chance of infection the longer participants

attended the conference and the more events they participated in. Specifically, respondents who tested positive reported attending the conference on average for all four days, and the risk of infection was 70% greater among those who attended for three or more days versus those who attended for two or fewer days.

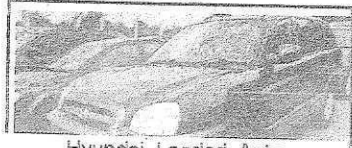

Again, the findings of this rapid assessment support previous data that demonstrate that COVID-19 vaccines, antiviral treatments, and immunity from previous infection continue to provide people with protection against serious illness. CDC continues to recommend that everyone ages six months and older stay up to date with all COVID-19 vaccines, including receiving an updated vaccine. COVID-19 vaccines are effective at protecting people from getting seriously ill, being hospitalized, and dying.
